VICTORIA, B. C., SATURDAY, APRIL 6, 1912

NO. 92

STRIKE OF COAL MINERS IS OVER

MEN ARE INSTRUCTED TO RETURN TO WORK

Federation Accepts Executive's Recommendation—Number of Pits in Operation

London, April 6.—The Miners' Federation accepted to-day the recommendation of the executive committee that the men should resume work as the result of the recent ballot and the miners will be expected to return to the pits forthwith.

Good Friday was disregarded generally as a holiday in the coal mining regions and there were further resumption of work, notably in the Bristol district, where all the collieries were put in operation.

In Scotland most of the men who returned to work were non-unionists, members of the union having instructions to await the decision of the national conference before resuming operations.

Rioting occurred in a colliery near Dunfermline, Scotland, when unionists attacked non-union miners, who desired to return to work. Police quelled the disturbances, but had not before considerable property had been damaged.

There was a further accession to the number of miners working in the collieries in various districts to-day. It is expected the total of the men who have returned to work will be still further increased by Monday. After the Easter holidays it is thought there will be an almost complete resumption of work.

There were a few isolated cases of disorder to-day, the strikers appearing at the pit mouths of the mines where non-unionists are working and endeavoring to induce them to desert. The trouble never was serious.

Miners' meetings in Yorkshire, North Cumberland, Fife, Kinross and Midlothian yesterday instructed their delegates to condemn the executive resolution at the meeting and move that the men be ordered to remain idle. A bitter feeling against the federation's executive prevailed at these meetings.

MAIL SERVICE INTERRUPTED.

New York, April 6.—On account of the coal strike in Great Britain there were no mid-week mails from Great Britain this week and there is no fast mail for Southampton to-day. Three of four American liners are laid up, as well as the Oceanic of the White Star line. The next mail will arrive to-morrow on the Cunard liner Cetrina. Shipping men say that the entire Atlantic service would have been tied up if the strike had continued much longer.

MINING TROUBLES IN STATES.

Anthracite Operators Will Meet in New York Next Week.

New York, April 6.—Preliminary to the conference of the anthracite operators and representatives of the miners at Philadelphia next Wednesday a meeting of the committee of ten of the coal operators will be held here April 9. The committee of ten purposes to go over the situation carefully and determine what moves will be made at the next day's conference with the miners.

The operators will not make public the results of Tuesday's meeting. The operators say they have no expectations that a settlement of the present difficulties will be reached at the Philadelphia conference and that if a settlement is to come without a strike two or three conferences are likely. The anthracite men here think that the present suspension in the hard coal region will continue far into the month. Should the Philadelphia conference indicate a long suspension or a strike, the companies say they will use great care in accepting new orders for coal and that shipments will be supervised in order to make the available supply of fuel last as long as possible.

DIES IN SNOWSTORM.

Fort William, Ont., April 6.—While the members of a construction party were fighting their way through the tail end of a storm on the right-of-way of the C. N. R., 33 miles north of Nipigon, they stumbled across an unknown man who was at his last gasp. Every assistance failed to revive him, and he died soon after discovery.

REGINA OFFICIALS RESIGN.

Regina, Sask., April 6.—City Commissioner McPherson and Street Railway Superintendent Doughty, have both vacated their offices and several other resignations from civic positions are to take effect within the present month.

INDIAN ACQUITTED.

Dawson, Y. T., April 6.—Indian Snook, who shot and killed Indian Cheechaco, was acquitted by the jury here on the ground of justifiable murder in self-defence. Cheechaco threatened Snook with a knife. The jury rendered an immediate verdict.

MINER KILLED.

Two Others Injured By Premature Explosion in Mine.

Thetford Mines, Que., April 6.—One man was killed and two others seriously injured by a premature explosion at the Bell mine, near here, last night. Pierre Levrier, 40, was killed, and Wm. Boyle and E. K. Ne-deau were badly injured by flying rocks and debris.

One of the men standing in a pool of water picked up a wire leading to the battery while holding the other wire in his hand, thus completing a circuit and exploding the charge.

BURIED WITH MILITARY HONORS.

Ottawa, April 6.—With full military honors, the late Lieutenant-Colonel William White was buried at Beechwood cemetery yesterday. Every local regiment was represented in the cortege, as well as members of the city service, school board, St. George's Society and other local bodies of which the colonel was a member.

THREE INJURED BY EXPLOSION.

London, Ont., April 6.—Three men were injured, one seriously, as the result of an iron pot weighing 100 pounds exploding in the McClary foundry. The molders were preparing to quit work and were waiting to wash in an iron boiler. One man brought a small ladle full of white hot iron and poured it into the tub to warm the water. An explosion resulted and three men standing near were hurled to the ground by flying iron.

FOUR PERSONS SUSTAIN INJURIES

Holiday-Makers Hurt When Electric Cars Collide at North Vancouver

North Vancouver, April 6.—Four people were injured, two seriously, and two street cars were partially wrecked on the Capilano Canyon line of the B. C. E. R. at 10.30 yesterday morning, when car No. 16, outbound, crashed into the rear-end of car No. 24, near the end of the line at Keith road, near the school street. Both cars were heavily loaded with holiday parties going to the Canyon, and at the time of the crash many were hanging to straps and standing in the aisles. A large number of ladies were seated, and all escaped save from a severe shaking up. Those injured suffered principally from broken glass and impacts with the ends of car No. 16.

Car No. 34 was proceeding a short distance ahead of car No. 16. Just before reaching the end of the line car No. 34 came to a halt, and car No. 16 failed to stop in time and crashed into it.

The injured A. Brown, motorman, car No. 16; cut about face and hands; serious. B. E. Tedford, cut on hands, facial abrasions; slight. L. Benson, No. 2036 Grant street, cut on hands and severe shaking up. J. G. Mutch, 11p cut.

NARROWLY ESCAPE DEATH.

Montreal, April 6.—With hands and face burned and carrying a babe which was badly scorched on the face, arms and legs, Mr. and Mrs. Joseph Provost had a narrow escape from death in a fire which destroyed their home. Mr. Provost was only awakened by the crackling flames. He roused his wife and carried out his baby and wife, who were half unconscious from suffocation. They are now at the home of relatives, all suffering severely, but will recover.

THREE BOYS DROWNED.

Astoria, Ore., April 6.—Word has been received here of the drowning at Ocean Harbor, Wash., Thursday night, of three boys, Victor Slingerland, nine years old; Leslie Young and Phillip Brooks, both aged 12 years. The boys were out in an old skiff on the waters of the swamp about a mile north of the town and were last seen alive about 5.30 p. m. When they failed to return home in the evening a search was instituted which resulted in finding the bodies in four feet of water. The little fellows were members of prominent families.

MEXICO FACES DEFICIT.

Mexico City, April 6.—The Mexican treasury faces a deficit of approximately \$4,750,000 gold, as shown in estimates furnished by the treasury department to congress of the fiscal year of 1912-13. Probable expenditures by the government for the next fiscal year are \$55,587,045. The prospective income is \$50,837,045.

FALL PROVES FATAL.

Collingwood, Ont., April 6.—James W. Lunan, one of the pioneers of this section, was killed by falling from a tree, on his farm.

IS ACQUITTED.

Montreal, April 6.—Carl Hamman, an orchestra player charged with shooting the three Chapman brothers Sunday in the Savoy hotel, was honorably discharged, after his hearing by the Royal Victoria hospital.

STRIKERS ARE REPORTING FOR WORK

NUMBER WILL RETURN TO RAILWAY CAMPS

Situation at Kamloops Quiet— Police Headquarters Now at Savona

Kamloops, April 6.—The I. W. W. strike which has tied up construction work on the Canadian Northern Railway right-of-way from Hope eastward has had lesser effects here than at smaller places along the line. To these smaller towns construction work is the main factor in their existence and the strike dominates them.

In Kamloops it is different. The city has a variety of interests and the strike is merely an incident. Still business has been affected. The inland capital is becoming a wholesale center of some proportions and the cessation of work in the C. N. R. camps has cut out a lucrative part of its trade. There are not many strikers in the city, perhaps fewer than 200, and they can scarcely be noticed on the streets. They have been orderly and city police report that drunkenness has not increased. Possibly it has fallen off a little. At other places along the line there is an I. W. W. police force and these unofficial constables see that order is maintained. Headquarters have been established on Main street and meetings are held from time to time on the river bank.

The tie-up in this district has been less thorough than at other points west. Between here and Chubbuck, 60 miles up the North Thompson river, several station men are still at work and the majority of workers were one or two days late in throwing down their tools. According to the contractors many of them were instructed to knock off and only left their jobs because they did not want to cause trouble. At the office of Macdonald Bros., who have 30 miles along the Thompson to grade, it was stated that numbers of men reported to-day that they expected they would return to the camps.

No trouble is anticipated here from the strikers, and in fact the headquarters of the provincial police for this district have really been moved to Savona for the present. Superintendent Campbell spent yesterday at Savona and Chief Constable Ferlie, of Kamloops, went up there last night to take charge. Savona is quite an important base both for strikers and contractors, and it is believed that if violence breaks out it will be there. The strikers held a large meeting yesterday, at which some rather inflammatory speeches were made. In spite of this the men seem opposed to their leaders, and assured the provincial police that a number of station men who are working on contracts nearby will not be molested.

The complaints of men regarding food and quarters have been receiving considerable attention. Regarding food the complaints are many. The contractors admit that there may have been times when the cooking was not up to the mark. Good cooks are hard to get. In general it is admitted that the men have not fared badly so far as food is concerned. The meat supplied by the well-known firms of P. Burns & Co., Smith's Canadian Company and Stewart & Co., is good. Travelers for these firms have been visiting camps regularly and one of them assured the Times man that he would rather "eat camp grub" than that supplied at many a hotel along the line.

Regarding quarters and sanitation there seems to be more grumbling on the line. It is admitted, were in the line bad shape. The contractors have been doing their best and matters have improved wonderfully. There is a three-fold inspection. Dr. Davies has been put in charge of the whole question of sanitation by the provincial government. The provincial police are supposed as part of their duties to inspect camps and see that the sanitary act is complied with. There is inspection by the I. W. W. The I. W. W. then complain of overcrowding, of uncleanness, and the lack of bath houses where men may wash clothing on wet days.

There is little doubt that in many camps the letter of the law with regard to cubic air space per man is not complied with. Still the camps, as railway camps go, are not badly overcrowded, and the men are not uncomfortable. Some camps have been dirty and are dirty, and the fault is more the fault of the men than of the masters. Numbers of men would like to be clean and do their share toward keeping the camps in good shape, but there are others who are dirty. An illustration of this is not far from seeking. Complaints have been made of spitting on the floors and the bosses have been asked to provide boxes of sawdust. Yet in the I. W. W. headquarters at Yale, where strikers have everything their own way, the floor is slippery with tobacco juice and slime, and the men do not scruple at night to roll up in their blankets and lie down in the mess. Bath houses have been provided at only a few of the camps, and the strikers say few of the men use them.

Hospitals, or some of them, have been at times in an unsanitary condition.

The one at Savona was reported to the provincial police some time ago as being in a bad shape, but no action was taken. A month or so ago a man in the hospital died of typhoid, and following the inquest orders were given to have the place cleaned up at the expense of the province. At present it is as good a field hospital as can be found anywhere. On the whole, it seems that, as usual, there is fault on both sides in the controversy. A prominent citizen of Yale stated the other day that the men were being better paid and better fed than on any railway ever built in British Columbia.

At Lytton a worker said bitterly that the contractors were trying to get the road built for "grub and overalls." The truth probably lies somewhere between these two extremes.

Ready For Emergency.

Vancouver, April 6.—The militia at Kamloops were recently quietly instructed to hold themselves in readiness to proceed at a moment's notice to any point along the C. N. R. grade where trouble might break out on account of the strike of laborers called by the I. W. W. organization.

Information to this effect was given in Vancouver this morning by D. J. Macdonald, right-of-way agent of the company, who has just arrived from the interior. The fact that the militia was on call is taken as an indication that the authorities were prepared to successfully combat any serious overt acts of the strikers.

It is stated that next week will see a resumption of work by station men all along the line of the grade between Hope and Kamloops. These men have been assured of adequate protection by the provincial police.

In the opinion of sub-contractors many laborers who quit work through fear of interference by the I. W. W. will on Monday resume their tasks at the various camps. Yesterday morning a number of strikers appeared at the camp of Griffin & Welch at Kanaka Bar, but they dispersed on being warned by the provincial police.

All powder houses along the line are being guarded by the contractors. It is declared by contractors that all camps will be opened on Monday morning under police protection. They state that the strike is over as far as they are concerned, and they hope to soon have full forces at work again.

CONTROL OVER CABLE BUSINESS

SPEECH BY BRITISH POSTMASTER-GENERAL

Reduction in Telephone Rates to France—Anglo-Dutch Service

London, April 6.—Important reforms have been promised by Mr. Samuel, the enterprising postmaster-general, including a reduction by one-half of the telephone rates to France and an Anglo-Dutch service. He also announces that the government hopes to obtain control over all cable business.

Speaking at a banquet, here he said that despite the assertions of a half-penny paper, whose circulation was greater than its accuracy, the parcel post was not in such an unhealthy condition as that organ would lead them to believe.

With regard to the telephone system there was no doubt that there were grounds for complaints, but they should remember that the department was at present in a state of transition and he hoped that before long it would be in a high state of efficiency and that the small user would soon be in a position to benefit by the reforms that were about to be introduced.

Before long he hoped to reduce by one-half the telephone rates now charged between England and France, and to establish an Anglo-Dutch service, and thus, by means of Holland, to be on speaking terms with Germany. (Laughter, hear, hear.)

REBELS CAPTURE ANOTHER TOWN

Federal Troops Escape From Parral and Will Join Main Forces

Jimenez, Mex., April 6.—Parral fell into the hands of the rebels yesterday. The numbers of the enemy which looked so large to General Campa in the hour of his defeat, proved to be a force of only 200. They escaped Thursday night, leaving behind them a rapid-fire and a mortar, previously captured from the Liberals.

It developed that Generals Villa and Urbana, the federal commanders, fought alone on Tuesday when they routed Campa. They are believed to have retreated to Mapimi, where the main federal forces are said to be mobilizing.

TAKE REFUGE ON ROOFS OF HOUSES

MANY PERSONS REPORTED MAROONED BY FLOOD

Number of Homeless Families Increased—Relief for Sufferers

Hickman, Ky., April 6.—A rescuing party of twenty men with twelve boats departed to-day on a relief mission to take off many persons said to be marooned on housetops and on rafts moored to treetops in the Reelfoot section. No definite news of loss of life has been received. The water covers country ten miles wide and fifty miles long. This will, it is reported, be increased within the next 24 hours.

Flood refugees in this town had cause for cheer last night when the outside world began to respond to appeals for help. One cheque for \$2,300 came from Louisville. Mayfield sent several carloads of bedding and clothing and three wagonloads of provisions and bedding were received from Fulton and more from Union City. Tents have been erected on the grounds of the Carnegie library and in the open fields in the southern part of the city. Refugees range in ages from a few weeks to eight years.

Two Reported Drowned.
Tiptonville, Tenn., April 6.—Hundreds of refugees from the flooded Reelfoot Lake territory have gathered at Ridgely, where there is high ground. Practically all the live-stock on the lowlands of Lake county have been drowned and it is reported that two children of refugees lost their lives as they fled last night.

When the levee near Hickman, Ky., broke yesterday morning, letting the flood waters of the Mississippi into the Reelfoot Lake country, the warning was flashed by telephone, and where wires did not reach couriers were dispatched. Farmers and villagers, who previously declined to abandon their homes, were anxiously awaiting word of the result of the levee. They were ready to flee for the highlands as soon as the warning reached them.

Because of the break in the levee at Hickman the Mississippi here is not rising to-day. Now it is feared that there may be a break in the Mississippi levee south of the state line. If this occurs, water will rush through the northwestern country from two breaks. Five hundred persons from the northwestern counties of Tennessee are made homeless by the flood and are seeking shelter here.

Comparatively few houses were swept away, but scores of them now are under water. Refugees arrived here in boats riding the crest of the flood.

Reports that there would be a big death list are not generally believed here. While many persons have been marooned on housetops, anchored on rafts and possibly in treetops, it is thought they will be rescued.

There were 400 refugees at Ridgely, eight miles south of here. Shelter has been provided for the homeless in both towns.

River Rising Rapidly.
Memphis, Tenn., April 6.—Except for the Reelfoot embankment, which went out Thursday, all main levees are holding to-day but each hour the situation grows more critical. The river is rising faster than the superficial earthworks can be constructed.

Golden Lake, fifty miles north of Memphis, Pecan Point, in the same vicinity, Lambethville, Ground City, Holly, Ark., and the White river front are regarded as points in immediate peril. At Memphis the stage to-day was 44.9 feet, a rise of three-tenths during the preceding twelve hours. In

the flood section of North Memphis the overflow is gradually spreading. Several pitiable experiences have been reported. One woman was found seriously ill in the second story of her home. The water is gradually nearing the window of her apartment, but her condition is such that she will not be removed except as a last resort.

Rescued From Floating Log.

Cairo, Ill., April 6.—The river gauge registered 54 feet here this morning, a rise of 4 feet in twenty-four hours and the greatest height that is predicted for the Ohio and the Mississippi rivers will reach here. Although the city is surrounded by water, no alarm is felt by the residents. Health conditions are uniformly good.

Two of the last acquisitions to the refugee camp are a mother and child, rescued yesterday from a log floating in the river. The last family to leave Doreno was taken from the second story window.

Opposite Craig's landing seven persons have erected a tent on a raft and declare they will live in it until the waters subside.

At Kansas City.

Kansas City, Mo., April 6.—After reaching a depth of 23.6 feet above low water mark, the Missouri river became stationary to-day. All other streams near here were falling and it was said the Missouri would begin to recede to-night.

The Ohio Falling.

Cincinnati, O., April 6.—After reaching a height of 52.3 feet, or 2.3 feet above the flood stage, the Ohio river began falling here to-day.

NAVIGATION OF THE ST. LAWRENCE

All Hopes of Early Opening of River Abandoned—Acci- dent to Ice Breaker

Montreal, April 6.—All hope of early navigation has been abandoned in marine circles and shipping men are looking with considerable misgiving to an unusually late inauguration of river traffic. With the government ice-breaker Montreal crippled by a broken rudder the situation is still worse, as no other steamer of the government fleet is capable of doing the work done for the past two or three seasons of breaking up the ice bridge and opening the channel to the sea. A year ago to-day the Montreal had worked her way up the river as far as Sorel, but it was reported from the latter point this morning that heavy tanks were still using the ice road between that town and Berthier and that the ice showed no signs of breaking up.

The Richelieu and Yamaska rivers, which as a rule are clear almost a week before the St. Lawrence ice commences to move out, are reported to be still solid. The ice bridge is unusually thick for this time of the month. The ice-breaker Montreal, it is reported, will be out of commission for some weeks.

THREE KILLED.

Train Runs Down Sleigh on Railway Crossing.

Three Rivers, Que., April 6.—A Montreal train crashed into a sleigh at Rochelieu Crossing, instantly killing all three occupants, two men, father and son, by the name of Doucet, and the wife of the latter, all of Mont Carmel. The crossing is a dangerous one, this being the third or fourth fatal accident that has occurred there.

ENDS HER LIFE.

Winnipeg, April 6.—Louise Ledoux, aged 35, a servant in the home of A. J. Dubuc, Hargrave street, hanged herself in the basement while the family was out.

LEARNING FAST

FORECAST OF IRISH HOME RULE BILL

PROVISIONS REGARDING CUSTOMS AND EXCISE

Forty Members Will Be Sent to House of Commons at Westminster

London, April 6.—The most detailed forecast of the Irish Home Rule bill that has yet appeared is published on the highest authority by the Ulster Guardian, the organ of the Ulster Liberal Association, which has been in close touch with the government in the drafting of the measure.

The Irish legislature, the paper says, will consist of the crown and two Houses sitting separately. One, the council, will have 48 members, 36 to be elected and 12 to be nominated by the crown. Their term of office will be eight years. The other, the Assembly, will consist of 105 elected members and is to be dissolved every five years.

The legislature will have no power to make laws affecting the crown, army, navy, territorial, treaties, titles, treason, naturalization, coinage, copyrights, patents, the post office (except in Ireland) or trade except within Ireland. With regard to finance, for six years the customs and excise will continue under Imperial control. All other taxes will be under Irish control and Ireland will have power to impose additional taxes of her own.

After six years the control of the customs and excise will pass into the hands of the Irish legislature, subject to approval by the Imperial parliament of this provision and subject to free trade between Britain and Ireland.

The initial deficit in Irish revenue will be supplied by a grant in aid, diminishing annually, and terminating in six years. The Dublin police will be under Irish control. The Royal Irish Constabulary will remain under Imperial control until a new force, under the local authorities, is established.

For six years the Supreme Court judges will be appointed by the Imperial government. The Lord Lieutenant will be appointed for a fixed term of years.

With regard to safeguards, the Irish legislature will have no power to make laws for the purpose of:

1. Establishing or endorsing any religious creed or imposing disabilities or conferring privileges on account of religion as affecting the undenominational education of national schools and universities.
2. Impairing the validity of the marriage laws at present existing.
3. Depriving anyone of life, liberty or property without process of law in accordance with settled precedents or denying equal protection of laws or taking property without just compensation, and
4. Imposing disabilities or conferring privileges on account of the birth, parentage or place of business.

Ireland will send 70 members to Westminster. The Irish peers will remain as before, pending the reform of the House of Lords.

The executive will consist of the crown, represented by the Lord Lieutenant, acting in Irish affairs with the advice of the Irish cabinet responsible to the Irish legislature.

The power of restraint on the Irish legislature will be exercised as follows:

- (A.) Veto by the Lord Lieutenant on instructions from the Imperial parliament;
- (B.) The Imperial parliament can repeal an unjust tax;
- (C.) The Privy Council can declare such an act void.

The Ulster Guardian says the bill will satisfy both the Nationalists and Irish Liberals.

According to an evening paper which quotes an unnamed Nationalist member of parliament as authority, forty Irish members will be sent to the House of Commons at Westminster.

Other provisions are: Ireland will make no direct contribution to the Imperial revenue.

"The customs and excise of Ireland will remain under Imperial control, but the local parliament will have the power to vary the duties on articles, although it may not vary the articles themselves.

"The old age pensions and land purchase schemes are to remain under Imperial control.

"The Irish Parliament will have no power to impose duty on British goods."

THREE PERISH IN FIRE.

Columbus, Ga., April 6.—In the ruins of the home of W. M. Dunn, treasurer of Lee county, Alabama, were found the charred bodies of Amanda Dunn, aged 50; Cleveland Dunn, aged 23, and a little son of four years. Mrs. Annie Dunn, wife of the treasurer, was probably fatally burned. The origin of the fire is unknown. Mr. Dunn was away from home at the time.

MAY POSTPONE ELECTION.

Quebec, April 6.—There is a rumor here to the effect that the provincial elections will not be held before the autumn, it being argued that the bad state of the roads at this season of the year may delay dissolution.

MISSING SUFFRAGETTE LEADER.

Miss Christabel Pankhurst Declared to Have Arrived in New York Last Month.

New York, April 4.—Christabel Pankhurst, who, with her mother, leads the militant English suffragettes and for whom Scotland Yard has been searching since the night of March 6, with a warrant for her arrest on a charge of conspiracy, arrived here on the Cunard liner Mauretania on March 25. It was

declared by a passenger on the steamer. Major W. M. Horsfield of the Essex and Suffolk Royal Artillery, who was on the ship and is now in this city with his wife, is the passenger who declares he recognized Miss Pankhurst. He says he saw her on board on the night of Tuesday, March 26, and is sure he could not be mistaken.

MONTANA RANCHER KILLS TRESPASSER

Trouble Arose Over Trail That Was Closed—Feud of Long Standing

Lethbridge, Alta., April 6.—After firing five shots from his heavy coil and instantly killing his victim, a man named Pratt, Pete Wagner rode to Plateau, the county seat of Teton county, Montana, and delivered himself up to the authorities.

Such was the story brought to this city from Sweet Grass, Montana, on the international line, by F. G. Smith, a rancher of the Sweet Grass hill district.

The shooting, which took place in the Sweet Grass hills was the outcome of a feud of long standing, and is a reminder of the days when the cattle and sheep men waged deadly warfare in this section of the west.

Pratt, the victim, was a sheepman, while Pete Wagner was a cattle and horse man. While their feud did not exactly arise out of differences in their occupations, it is understood that this had something to do with the quarrel. The real trouble that has been brewing for a long time arose out of an altercation over a road. A trail through Wagner's was seemingly closed by the latter some time ago, after the government right of way had been surveyed. There had been trouble years ago over Pratt using the trail, but it broke out afresh when the government road was surveyed and brought into use.

According to meagre reports which were received in the city, Pratt started out for Sweet Grass, and owing to the impassable condition of the road, he began to cross through the fields by the old trail, which was being used by other travellers during the spring until the right of way was unpassable. Enraged that his long-standing enemy should dare to disregard his orders not to trespass, Wagner rode out to meet him. An altercation followed, in which Wagner pulled his gun and pumped five shots into Pratt, the latter succumbing on the spot.

Wagner, when he found what he had done, rode away to Plateau, the county seat, and gave himself up to the authorities, practically admitting the crime.

It is not known what his defence will be, as it is understood that Pratt was not carrying a gun at the time of the shooting.

Conflicting rumors of the feud which led to the death of Pratt are rife in the Sweet Grass country, but it is known that both men are old timers in the district and respected by all. There was a report to the effect that Pratt, after the shooting, though fatally wounded, took off his team and rode out, following Wagner to the county seat.

However, the attorney of Teton county, who investigated the shooting, states that Pratt was found where he fell at Wagner's hand.

I. W. W. ACTIVE.

Threaten to Stop Operations in Mills at Tacoma.

Tacoma, Wash., April 6.—Carrying out the organization's threat to cause trouble in Tacoma, the local branch of the I. W. W. on Thursday ordered a strike against the huge plant of the St. Paul and Tacoma Lumber Company. The Industrial Workers' leaders say fifty men quit Wednesday night and that another fifty obeyed the strike order yesterday. The company officials say only half a dozen men have quit and that these are agitators who sought jobs for no other purpose than to walk out. The strike began with one of the agitators sounding the whistle in mill B. At the same time two I. W. W. members tried to enter an engine room, but were thrown out by the watchman.

Supt. R. L. Palmer of the plant called the police and Sergeant Dymant and six patrolmen went to the scene. Their presence proved unnecessary as there was no demonstration.

Police Chief S. R. Fraser will ask the municipal commission to empower him to employ emergency policemen in case of trouble.

APPEAL DISMISSED.

Petitions For Reprieve of F. H. Seddon Circulated in the Old Country.

London, April 6.—Frederick Henry Seddon, who was sentenced to death under dramatic circumstances a few days ago after being convicted of murdering Miss Barrow, unsuccessfully appealed against his conviction, notwithstanding a ten hour speech on his behalf by Marshall Hall. Without calling on Sir Rufus Isaacs, the attorney general, to reply the three judges forming the appeal court retired to consider their decision.

This was the signal for a dramatic incident, the condemned man's wife at the back of the courtroom being suddenly overcome with emotion and having to be led out in a fainting condition. As Mr. Justice Darling delivered the judgment of the court, Seddon stood erect with pale face, but contrary to expectation made no attempt to address the court. Petitions in favor of a reprieve are being extensively signed all over the country and there is a strong feeling that the home secretary will commute the sentence to life imprisonment.

TRAINMEN MUST NOT FLIRT.

Chicago, April 6.—Engineers, firemen and trainmen in general are warned to cease flirtations with farmers' daughters and direct their attention to the track ahead, in an order issued today by an official of a western railroad. The order came in the form of a circular, which stated that hand and handkerchief waving, must, stare, and that there must be more concentration on the part of the employee, a general state of mind, and a closer watch on the company's business.

WEATHER FAVORABLE FOR SOWING GRAIN

Land in Splendid Condition—Reports From Brandon District

Brandon, Man., April 6.—The remarkable spring-like weather of the past few days has landed farmers of this district at the threshold of sowing, and if present conditions continue work will be general in the fields around here by Monday next. Scarcity of snow during the past winter, together with the warm weather of the past week, has rendered land in splendid condition for sowing.

At the experimental farm it is stated there is still a great deal of frost in the ground, but it is also said if the present warm weather continues land will be ready towards the middle or end of next week.

In Saskatchewan, Regina, Sask., April 6.—Sowing has commenced along the Arcola line and will be started here in a few days. In the Francis district where there is light land the putting in of the grain is now general.

INJURED BY EXPLOSION.

Bozyk, Accused of Complicity in Bank Robbery, Seeks Damages.

Vancouver, April 6.—John Bozyk, the laborer, now being held in the New Westminster prison for trial at the assizes in connection with the Bank of Montreal robbery, appeared here as plaintiff in a suit for damages in which the city of New Westminster, the Municipal Construction Company and John Auld, contractor, are joined as defendants. As visible evidence that he had suffered damage, Bozyk appeared with an empty coat sleeve on his right side and with his right eye closed.

The story he told the court was that on February 13, 1911, as he was on his way from a camp near Westminster Junction to his work on the pipe line, the New Westminster corporation was running from Lake Quakwam, when he saw a tin box lying by the roadside. While unable to read English, he was able to make out the inscription "Old Chum" on the top of the box, and in order to see what was inside it, he tried to pry the lid open. It proved to be full of detonating caps, which exploded, blowing off his hand and right wrist and blowing out his right eye. The contention of the defence is that the accident was due to the carelessness of Bozyk in picking up and tampering with the box. The case was adjourned.

ANTARCTIC EXPLORATION.

Christchurch, N. Z., April 6.—The Central News authorities have made public extracts of a private letter written by Captain Scott, dated October 28, 1911, of his departure south. It indicates clearly Captain Scott never had any intention of racing with Amundsen for the South Pole.

TO DECIDE QUESTION OF JURISDICTION

Great West Life Assurance Company Case Goes to Court of Appeals

Vancouver, April 6.—Because it operates here under the Companies act and has its agent duly appointed in Vancouver, Judge McInnes holds that the Great West Life Assurance company comes within the jurisdiction of the Vancouver county court. He is willing, however, to allow the point to be taken into court of appeal for final settlement.

The question of the jurisdiction of the court over extra-provincial companies was raised in an action brought by Mr. Pearlman to recover certain commissions which he alleged to be owing him by the Great West Life Assurance company. C. M. Woodworth immediately objected that the county court rules give jurisdiction only over business carried on within the county, and that the only place a company can be said to carry on business is at its head office and the head office of the Great West Company is situated at Winnipeg.

Mr. Clarke, of Messrs. Lennie and Clarke, who appeared for the plaintiff, contended that the company had been licensed to do business in this province as an extra-provincial company and as such they came under the Companies Act, of which section 153 specifically declares that before an outside company can do business here it must become subject to provincial legislation and appoint an attorney who can sue or be sued in its name. The company had its attorney in Vancouver in the person of George H. Halse.

Judge McInnes held that this contention was valid and the company was liable to be sued.

Mr. Woodworth said the matter was of such far reaching importance that he would like a decision on it from the court of appeal. Judge McInnes gave leave of appeal on the point in question. Later it was taken before the court of appeal now sitting here and they decided that they would hear argument as soon as the case was ready.

NEW IRON RANGE FOUND.

Fort Frances, Ont., April 6.—Fort Frances and the country directly north of the city are in a turmoil over the discovery of a new iron range. It extends seventy-five miles, with a width of two miles. Miners and experts are flocking into the district, and this section seems destined to undergo another "rush" like that of 1895.

A drill has found rich ore at 200 feet. The whole area is said to be underlain with an immense ore body which extends from Little Grassy river to Bear's Pass. The dip needle shows that in a width of 1,200 feet there is every indication of ore.

SCHLITZ MALT EXTRACT

A FOOD, A TONIC
AND AN INVIGORATOR

Warranted that only the choicest selections of Barley Malt have been employed in the manufacture of this absolutely pure and unadulterated extract. No household should be without it. It builds up and strengthens the system of the weak and debilitated; it aids and hastens the recovery to health and vigor of the sick and convalescent, and is especially recommended to persons suffering from indigestion and Dyspepsia.

**RAILWAY COMPANY
REDUCES FORCES****Improvements Postponed Owing to Strike of Miners in United States**

New York, April 6.—"Owing to the suspension of work at both the anthracite and bituminous mines," says an official statement issued here on behalf of the Lehigh Valley railroad, "and the consequent loss of much of its normal tonnage, the Lehigh Railroad Company has been forced to reduce its working force by laying off train crews, shopmen and office workers."

"In addition, improvements and betterments involving the expenditure of many thousands of dollars in labor and material have had to be indefinitely postponed."

"At present 125 freight locomotives have been put out of commission, which has compelled the laying off of practically that number of complete freight train crews. Other locomotives and crews are operating on a short time basis."

"The total reduction in wages in the transportation and shop departments and in the offices, is a large sum monthly, exclusive of the curtailment in improvements and betterments."

"The extent of the present suspension of work at the mines still is in doubt, and therefore it is impossible to predict when the railroad employees will be called back to their work."

**TWO MEN KILLED;
THREE WOUNDED****Discharged Employee of Railway Company Engaged in Fight With Shopmen**

Holisington, Kas., April 6.—Two men were killed and three others injured, one fatally, at the Missouri Pacific railway shops here, when "Bud" Smith, a discharged negro, engaged in a revolver battle with shop employees. Mortally wounded, Smith was rescued by officers from a crowd which intended to lynch him.

Smith was discharged on Thursday. At night he appeared at the shops and announced he was going to kill somebody. Watchman warned him to remain away. In reply Smith shot and killed the watchman—Smith wounded Layman, who was standing nearby. Shop employees rushed to the aid of their fellows, shooting at the negro, who returned their fire as he retreated.

Two bystanders were wounded by stray bullets. Smith himself was shot several times and fell mortally wounded.

Despite his condition leaders of a crowd that gathered helped him to his feet and amid cries of "lynch him" were hurrying away when officers arrived and assuring the crowd the negro would be given a speedy trial if he recovered, took him in charge. The negro died a few minutes later.

CRUSHED BENEATH COFFIN.

San Francisco, Cal., April 6.—Whether a pallbearer who was fatally crushed beneath the coffin at the funeral service died accidentally within the meaning of the terms of an insurance policy is the question to be solved by the superior court in a suit filed here.

The suit was brought by Mrs. May Rose Rock, widow of Joseph Rock, who died shortly after he had been crushed beneath the falling coffin of his friend James Murphy on June 30 last.

DRINK CURE A MIRACLE?

No, Just Sound Science. Many drunkards are sent to jail when what they need is medicine. Drink has undermined their constitutions, inflamed their stomach and nerves until the craving must be satisfied if it is not removed by a scientific prescription like Samaria.

Samaria Prescription stops the craving, restores the shaking nerves, builds up the health and appetite and renders drink distasteful, even nauseous. It is odorless and tasteless and dissolves instantly in tea, coffee or food. It can be given with or without the patient's knowledge.

Read what it did for Mrs. G. of Vancouver:

"I was so anxious to get my husband cured that I went up to Harrison's Drug Store and got your remedy there. I had no trouble giving it without his knowledge. I greatly thank you for all the peace and happiness that it brought already into my home. The cost was nothing according to what he would spend in drinking. The cure of drink was putting me into my grave, but now I feel so happy and everything seems so different and bright. May the Lord be with you and help you in curing the evil. I don't want my name published."

Now if you know of any unfortunate needing Samaria treatment, tell him or his family or friends about it. If you have any friend or relative who is forming the drink habit, help him to release himself from its clutches. Write to-day.

A FREE TRIAL PACKAGE of Samaria Prescription with booklet giving full particulars, testimonials, price, etc., will be sent absolutely free and postpaid in plain sealed package to anyone asking for it and mentioning this paper. Correspondence sacredly confidential. Write to-day. The Samaria Remedy Co., Dept. 75, 49 Colborne St., Toronto, Canada; also for sale at Hall & Co.'s Drug Store, corner Yates and Douglas Sts., Victoria.

**MORE STATIONMEN
FORCED FROM WORK****Divisional Engineer at Ashcroft Says Work Along C. N. R. is at Standstill**

Vancouver, April 6.—Threatening letters have been received by several of the Canadian Northern railway contractors. One of the letters declares that a certain contractor will be blown up if he does not grant the demands made by the I. W. W.

C. F. Hannington, division engineer of the Canadian Northern railway at Ashcroft, stated that work along the entire line is at a standstill, the strikers having completed the task of driving off the stationmen. All the cooks have also been persuaded to cease from labor, one of them taking the hint after a revolver had been pressed against his stomach.

The strikers are maintaining a vigilant patrol at the suspension bridges across the Fraser at Ashcroft and stopping contractors teams from delivering supplies, states Mr. Hannington. Several ranchers who were hired to do the work were also compelled to return home with their loads of hay. A wagon which sought to cross the bridge yesterday was stopped and searched, but was allowed to proceed when it was found that the goods were destined for an Ashcroft merchant.

Reports on Camps.

North Bend, April 6.—H. R. Wyatt, provincial constable of this place, said regarding the sanitary conditions of construction camps:

"Acting under the instructions of the department, I inspected all camps between Spuzzum and North Bend to Keefeers, a distance of twenty-six miles, to enforce compliance with the regulations prescribed. All temporary camps have been used a year or so and I understand the cost of the buildings averaged \$2,100. Only one camp failed to meet the regulations which was immediately remedied and put in a hydraulic ram toilet at a cost of \$1,000. Dr. Cairns, medical officer of the C. N. R., accompanied me on the trip. In six camps of George Chews, with eight hundred men, there was not one case of sickness and only one man had a piece of rock in his eye. At another camp I found the men had dumped cast off clothing and refuse near the door during the winter which was ordered burned. An agent of the I. W. W. named Miller made only one complaint regarding sanitary conditions all winter, and this was regarding the lack of bathing facilities in one camp which was rectified."

At a construction camp near here about sixty men at work were threatened that a big bunch of I. W. W. men were coming to rout them out by a man wearing an I. W. W. badge, but the interference has not taken place."

PLANNED BANK ROBBERY.

Oakland, Cal., April 6.—His arrest as a pickpocket frustrated a plan to rob the First National Bank of San Leandro and disclosed the perpetrators of a number of highway robberies in the vicinity of that town, according to the story told the police by William Dutra. As a result of the confession of Dutra, Manuel Joseph and Bert O'Brien were taken into custody.

Dutra, who is 17 years old, evidently lost his nerve after his arrest, for no suspicion attached to him in connection with the crimes he confessed. Joseph is 22 and O'Brien 25 years old and according to Dutra they have been companions in crime for a number of months.

Dutra's story of the plan to rob the bank is to the effect that they had made a thorough analysis of the conditions and that they had determined to go to the home of C. H. Hale, the cashier, bind his wife and child and force him to go with them to the bank and the vault. The robbery accomplished, they intended to go to Alaska. Joseph denies Dutra's story.

MEMORY RESTORED.

Los Angeles, Cal., April 6.—After a total loss of memory for two months, which could not be broken by the most determined efforts of leading physicians and prominent society women interested in his case, E. J. Kendall had a complete restoration at the sight of his wife, Edith Kendall.

Kendall was found two months ago in Chester Place in a state of forgetfulness by Mrs. Fred Wolton and taken to the Good Samaritan hospital. In an effort to rouse his mind and find out who was interested in his case they took many girls to his bedside in the hope that they might bear a resemblance to his wife and bring a return of memory. Finally, through friends, his wife was found in Vancouver, sent for and on Wednesday she arrived. He was taken to Redondo Beach to meet her, his heart full of fears that he might not recognize her.

On the ship she was undergoing a similar strain. At the moment of their meeting, when a look of recognition swept into his eyes, there were tears of relief and joy. Now his memory is sound.

SAVES LIFE OF BABY.

Tacoma, Wash., April 6.—Protecting her two-year-old son from a blazing gasoline stove which had exploded and threatened to destroy her home, Mrs. W. L. Harrays, 729 South E. street, seized the stove and threw it from the window into her yard. The flames surrounded her head, singeing her eyebrows and hair, but her face escaped with but slight blisters. Firemen arrived a few moments later and found her hysterically holding her baby. Part of the carpet of her home had been burned, but the dwelling was saved by the mother's action.

The stove had exploded while Mrs. Harrays and her baby were in the room. Pushing the crying baby behind her, Mrs. Harrays picked up the stove and saved her child and home.

MUST FACE MURDER CHARGE.

Tacoma Girl Who Shot Man Will Be Placed on Trial.

Los Angeles, Cal., April 6.—As a result of a complete change of heart today on the part of Mrs. Edge, mother of James Edwin Edge, who was shot and killed by Miss Viola Carver of Tacoma, and a demand that the slayer be punished, District Attorney J. D. Fredricks will prosecute the girl on the charge of murder. The demand of Mrs. Edge that Miss Carver be punished to the full extent of the law came as a big surprise to the attaches of the district attorney's office. They had been led to believe that she would not demand vengeance for the death of her son and would not ask the district attorney to prosecute Miss Carver on the murder charge.

DESPOUND MAN'S SUICIDE.

Seattle, Wash., April 6.—With a brick tied about his neck, the body of a man identified as that of George Thompson, a machinist about 55 years of age, was found in the bay by men operating a pilerdriver for the Weymouth Construction Company at pier 1. Thompson's wife had been ill of tuberculosis and she sent her last fall. She died six months ago. He was despondent over the loss of his wife and was out of work.

BANDITS KILL EXPRESSMAN.

Paris, April 6.—Bandits Thursday leaped on to an expressman's wagon near Choisy Le Roi, about 6 miles from Paris, strangled the driver to death, looted the wagon of many valuables and then tossed the body to the roadside. No trace of the bandits has been found.

N. H. A. STARS OUTCLASSED BY PACIFIC COAST TEAM

Art Ross' Seven Worked Well in First Period But After That Couldn't Hold Westerners—
Twelve Goal Lead.

The western hockey stars badly outclassed the pick of the N. H. A. at the Arena, Thursday night, with the result that they will enter the final game of the series at Vancouver to-night with a twelve goal lead. The score Thursday being eight to two. The game was not nearly as enthralling as that of Tuesday, but nevertheless it brought out some A1 hockey.

The Easterners worked best in the opening period, holding the Pacific Coast seven to one, but they couldn't keep up the pace. Three minutes from the start of the second period the Westerners directed a fusillade of wicked shots at Moran and, before the interval, the net had been bulged behind him three times. They continued it in the final period, but less persistently. Lehman in goal for the Coast all-stars, was again almost impassible, and for a while it looked as if the visitors were going to be shut out, but in the third period a couple of shots, just about impossible to handle, leaked past him.

The Eastern team used all their spare men, and the Westerners two of theirs. Fred (Cyclone) Taylor, who on when the game was all through, replacing Roman, who went up in Malone's place at centre. Shortly afterwards Bobby Rowe, of Victoria, relieved McDonald at left wing on the Patrick septette, and Art Ross called McDonald, of Quebec, out to substitute for Odie Cleghorne. At the commencement of the third period Sprague Cleghorne came on in place of Shore, and ten minutes from time Harris, the hard checking Vancouver wing, was given a chance to show his class. Newey Lalonde going off and Hyland being switched from the wing position to rover.

Taylor Disappointing.
When Fred Taylor made his appearance he was accorded quite an ovation and, to judge by the lengthening faces of some of the fans, one might have thought that it was all half with the Coast team. But when the Cyclone failed to show anything startling in

the way of speed these same fans were disappointed and one was heard to declare that he was no cyclone, he wasn't even a large sized draught. But that was unkind. Taylor made no appreciable difference in the strength of the eastern team it is true, but it must be remembered that he wasn't in any shape to play hockey. The report that his hand was healed sufficiently to allow him to risk getting knocked about was incorrect and besides, not being exactly a youngster, the Cyclone requires considerable practice to get into proper trim. This he has not had owing to the fact that he was put out of the game by the N. H. A. this winter.

Ross Played Well.
Art Ross at point, played a strong game for the Easterners and was generally to the fore in every rush. Next to him Shore, the Cleghornes, McDonald and Roman were the best. The fact that their offensive tactics consisted largely of one or, at the most, two man rushes counted heavily against the N. H. A. team. With the redoubtable Lehman to beat, if they did pass "Big Moose" Johnson and Lester Patrick, they were up against more than they could handle and the result, 8 to 2, just about tells the tale.

Dunderdale One of Best.
Tommy Dunderdale, of Victoria, again showed that no mistake was made when he was picked for the Western all-star team, but he didn't have anything on either Harry Hyland or Newey Lalonde. Bobby Rowe played a hard working, effective game and the goal he scored was well deserved. Johnson was in better form than he was last Tuesday and, although it took Lester Patrick some time to get started, he played the point position just about as well as his brother Frank when he did get going.

Game Very Clean.
The game was exceptionally clean, there being but two penalties meted out. It was played before a crowd of between thirty-three and thirty-four hundred fans.

Details of Play.
There was nothing doing for the scorers in the first period, both goalkeepers picking off everything that came their way in great style. Darragh, of the Easterners, was penalized for roughing it with Dunderdale.

Start Scoring.
In the second session Moran, between the poles for the N. H. A. team, kept up the good work for a while, but the pressure became too great and, after three minutes of hot work around his net, the puck began to sift through him. Tommy Dunderdale opened the scoring, getting the rubber from Newey Lalonde, who had taken it in all the way from the other end of the rink. Newey contributed one within a minute, taking all the work on his shoulders this time. Shortly after Taylor's arrival on the ice Dunderdale tallied another and, hardly had the puck been faced off, than Hyland took it away from the Cyclone, went in and punctured the net. Getting a pass from Johnson, who had swept all before him with one of those ponderous charges of his, Harry Hyland finished the scoring in this period.

Hyland's Sensational Two.
Hyland's two goals, both shot from a long way out, were the sensation of the final session. With the game safely tucked away the Westerners

slackened up considerably, and a mix-up in front of the Coast Leaguers' goal, the N. H. A. stars finally registered a count. Bobby Rowe came on about this time and his persistent fussing about with the puck put his name on the score card before very long. Art Ross scored the final goal after what was one of the prettiest runs of the evening.

WORLD'S CHAMPIONS ACCEPT CHALLENGE

Tecumseh's Defi Met With Ready Response From Vancouver Lacrosse Team

Vancouver, April 6.—The Tecumseh challenge to the world's champions has been called. Within 24 hours after Charlie Querrie, of Toronto, had hurled a defiat the Minto Cup holders for two matches on eastern grounds between the Tecumseh and Vancouver teams, the management of the local club had wired an acceptance and posted a forfeit as a guarantee of good faith. Certain conditions were set forth by the champions, and if they meet with Querrie's approval agreements will be signed.

BEAVERS GRABBED BOTH.

"Buck" Belford Hurlled Effectively Against University of Washington.

Vancouver, April 6.—Vancouver grabbed both games played yesterday with the University of Washington, taking the morning contest by a score of 11-3 and winning the afternoon fracas by a 6-2 score. Big holiday crowds were out for the games and they got a good line on the Beavers, the youngsters getting a trial in the morning, while in the afternoon the regulars performed, and with "Buck" Belford and "Lefty" Gervais hurling effectively the champions looked like a hard bunch to beat in the approaching pennant race.

REVERSE RESULT ON ENGLISHMEN

CANUCKS WON 2 TO 1 IN OVERTIME GAME

Old Country Lost Out by Reason of Weaker Defence—Was Well Played

In a game so closely contested that overtime was necessary the Native Sons reversed the result of a few weeks back by defeating the Old Country soccer team two goals to one yesterday morning. A large crowd assembled at Oak Bay to witness the struggle, which was one of the finest put up by the amateurs this season.

Supporters of the Native Sons were dubious about the home brew's forward line and when time to take the field came and McCarter had failed to make his appearance the outlook for them took on a distinctly dusky hue. And the chances of the Old Country team looked very good at this stage, for in the forward-line was their greatest strength. If there was any doubt of them winning, their fellow-countrymen on the side line, who were present in force, weren't aware of it as their jubilant confident cries signified. Their tune was destined to change sadly, though, and before the end of the game many of them were loudly complaining that the contest should never have been replayed.

When the Native Sons called for a substitute for McCarter there were several available, but Tunnicliffe was chosen owing to the fact that his feet fitted the spare pair of shoes exactly. It seemed a lucky accident for the Canucks, for it was Tunnicliffe who scored the winning goal.

The Old Country won the toss and, with the wind and sun in their favor, began forcing the play on the jump. They were on the aggressive all through the initial half, but found it next to impossible to penetrate their opponents' stalwart defence. Robertson, in goal for the Native Sons, was in grand form, but he couldn't stop one beautifully placed drive from Pilkington's foot. This was the only score this half.

In the second session weather conditions favored the Native Sons and an immediate change in the trend of play occurred, the colonials holding the game well in hand until the whistle announcing the expiration of the scheduled period of play sounded. They were only able to beat Costello once, however, Dakers bulging the net with a fine effort.

It was then agreed to play seven minutes each way overtime and the Native Sons showed their superiority by going in with a well-combined rush and putting the game away on ice three minutes from the start. Tunnicliffe being responsible for the goal.

About the only noticeable difference in strength between the two teams was in the back divisions. The Englishmen's forward line was a little more effective but they lost out owing to their much weaker defence. Robertson, Whyte and Prevost, of the Native Sons, were almost invulnerable, while the halves would be hard to beat anywhere. McGregor was the outstanding man on the forward line.

Half-backs, Greenock and Forward Gale and Pilkington were the pick of the Old Country squad. Goalkeeper Costello also played well.

Both teams missed a number of fine opportunities. Alex. Lockley as referee was satisfactory. The teams were: Native Sons.—Goal: Robertson; backs, Whyte, Prevost; halves, Taylor, McDowell, Brynjolfson; forwards, McGregor, Brown Dakers, Sedger, Tunnicliffe.

Old Country.—Goal: Costello; backs, Sherriif, Hymers; halves, Martin, Greenhalgh, Greatorex; forwards, Sherritt, Youson, Gale, Pilkington, Douglas.

INDOOR ATHLETICS.

Interesting Contests Held at the Y. M. C. A. During Week.

The results of the Indoor Athletic meeting of the Y. M. C. A. have come to hand. The junior contest took place on Monday afternoon at 4 o'clock and there were 14 contestants. The winner was Allan Dames with a total of 332.7 points, followed by Hugh McIntyre with 305, Geo. Cartwright being third with 305. The officials were as follows: Referee and starter, H. G. Beall; judges and timers, R. M. Jones, R. C. Horne, R. E. Crompton; scorer, D. Johnson.

The intermediate contests were held on Monday night at 7:30 and resulted in the victory of F. Harding, with 467.7 points, while G. McDonald was second with 460.5 points, and T. Cameron third with 392.2 points. In the fence vault Harding went to the limit with 5 ft. 3 ins., gaining the full 100 marks in this section, and in the broad jump the same athlete excelled even the best of the seniors with a total distance of 26 ft. 5 1/2 ins. The officials were: Referee and starter, H. G. Beall; scorer, T. W. Webster; judges and timers, A. Dodge, C. Robinson, J. Matheson, G. Crompton, W. Long, J. Fuller, W. S.

SUCCESS IS SIGHTED AHEAD OF THE GUILD

Merchant Service Organization
Holds First General Meeting
Wednesday

There appears to be no stumbling blocks or pit-falls in the path of the Merchant Service Guild of British Columbia, and at present everything points to the new organization having a most successful career in connection with the protection of the interests of the seafaring men of this province. On Wednesday evening the first general meeting of the Guild was held in the offices of James & Jarvis, Government street, for the purpose of electing the

society's trustees, officers and committees.

Owing to the fact that there were very few vessels in port and consequently but few officers in this city, it was decided by those present to postpone the election of the chairman, vice-chairman and secretary until a later date. The getting together of a large assemblage of the mariners at a meeting is a difficult task, as it is impossible to say what vessels will be in port. The organizers, however, are energetic, hardworkers and thinkers, and they have decided to form a nominating committee and send ballots to the skippers and officers, so that everyone may have a chance to vote.

At the meeting on Wednesday evening the trustees were appointed. They are as follows: Capt. Barney Johnson, steamer Prince Rupert; Capt. Parks, steamer Venture; Capt. Owens, an old Victoria pilot; and Capt. Jarvis, who is organizing the Guild. These will act on the executive committee, which will consist of about 25 men, the pick of the profession. Capt. Cutler, of the tug Lorne, and Capt. Gilchrist, of the steamer Joan, have been mentioned as among those who will be on the executive.

This morning a letter was sent to Capt. Cowper, master of the steamer Cheloshin, which struck in the Skeena river this week, by the Guild, expressing its regret at the accident with which he had met.

DIES AFTER OPERATION.

Port Arthur, April 4.—James McTeague, Port Arthur's city clerk, is dead at Toronto following an operation. His age was 69 years and he leaves a large family.

KILLED BY A FALL.

Montreal, April 4.—While working on the new Ritz-Carlton hotel, William Leamy, 44 years of age, fell from a scaffold and was killed. His skull was crushed and he was internally injured. He was a married man.

Drink Silver Spring Rock. The best yet.

GOES TO GOLD RIVER WITH 40 SURVEYORS

Tees Encountered Heavy Storm
While at Nootka—On
Summer Schedule

Completing her first trip on her summer schedule the C. P. R. steamer Tees, Capt. Gillam, returned to port last night from Nootka, to which port she took a party of surveyors, who are bound for Gold River to commence work on surveying a route from Nootka to Cameron lake. The new schedule of the west coast steamer will be similar to that of former years, the vessel having to make four trips a month. She leaves here on the first and fifteenth for Clayoquot and on the seventh and twentieth for Holberg. The Tees made a special run to Gold River on her last trip to accommodate the 40 surveyors, who wished to get to work immediately.

When at Nootka on Thursday night a heavy southeast gale sprang up and the vessel was forced to weigh anchor and leave the Sound. The wind was blowing at a terrific clip and heavy seas rolled into Nootka from the Pacific. When the storm abated the Tees ran inside and completed the discharging of her cargo. During the rest of the passage the weather was fairly good and no heavy gales were encountered.

To-morrow night the Tees will clear from here for Holberg and she will take a large number of passengers. With the spring weather prevailing there is a large rush of people to the west coast towns and much freight is being shipped there.

Victoria on Ways.

This morning at 3 o'clock the C. P. R. steamer Princess Victoria was hauled out on the B. C. Marine Ways to be cleaned and painted. She moved around to Esquimalt under her own steam yesterday and will remain there for about a week. She took on her first consignment of oil on Wednesday and steam was gotten up to take her around to Esquimalt. At the end of next week the flyer will be ready to again enter service and it is expected that she will be somewhat faster than when she was a coal-burner.

To have her oil-tank installed the new steamer Princess Patricia was towed to the Victoria Machinery Depot this morning. This work will be accomplished within about ten days or a fortnight and she will return to the C. P. R. docks to have the remainder of her work finished. She will commence running between Vancouver and Nanaimo about the end of the month.

SHIPPING INTELLIGENCE

San Francisco, Cal.—Arrived: Seminoles, Mike. Sailed: Bear, Portland; Westerner, Willapa; U. S. S. Logan, Manila.

WHITE LINER CLEARS NEARLY 2 DAYS LATE

Empress of Japan Sails With
Many Passengers—Next
Week's Shipping

Bound for Yokohama, Shanghai and Hongkong the R. M. S. Empress, of Japan, Capt. Robinson, left port yesterday morning at 9 o'clock well laden with freight and carrying a good crowd of passengers. When the white liner cleared from here she was nearly three days late owing to the coal strike in the United Kingdom, which delayed the Atlantic Empress in leaving Liverpool with the mails. The steamship should have cleared from Vancouver on Wednesday afternoon, but the mail train did not pull into the Terminal City until late Thursday night. As soon as the bags were thrown aboard all lines were cast off and the vessel was piloted to Victoria, arriving here early yesterday morning.

For nearly three weeks the Empress was tied up at Vancouver and she took on about 4,000 tons of cargo, including wheat, flour, condensed milk, machinery and general merchandise. Her passenger list consisted of the following in the saloon:

M. Bagnally, G. S. Beebe, E. H. Crowe, A. B. Garriock, F. W. Gotch, Mrs. W. Graves, Mrs. G. A. Harris, J. Hopkins, Mr. and Mrs. J. Kitchen, Mrs. Plowden, E. Purdon, A. F. Speare, Mrs. Speare, R. Stewart and J. G. Butt. During the coming week five ocean liners will dock at the outer wharves, including the Kamakura Maru, Capt. Kon, from Yokohama on Thursday; the Mexican liner Beckenham, Capt. Gow, from Salina Cruz on Friday; the Talthybius, Capt. Allen, of the Blue Funnel fleet, from Liverpool, the same day; the Harrison steamship Crown of Toledo, from London, will come here from Vancouver to discharge about Wednesday and Thursday, and the Inaba Maru, Capt. Tomlinson, of the Nippon line, is to sail for Yokohama on Tuesday.

The Talthybius and the Crown of Toledo are both new vessels, being on their maiden trips from the United Kingdom. Shipping men here expect that the Holt steamship will make a record coming across from Yokohama, as she is new and is the fastest of the Blue Funnel liners operating in the trans-Pacific service.

WIRELESS REPORTS

April 6, 8 a.m.

Point Grey—Cloudy; wind S. E., light; 30.01; 40; sea smooth.

Cape Lazo—Cloudy; wind S. E., light; 30.01; 24; sea smooth.

Pachena—Cloudy; wind S. E.; 29.75; 46; sea smooth.

Estevan—Clear; wind S. E.; 29.60; 46; sea smooth.

Triangle—Foggy; rain; wind south; 29.36; 30; dense. Spoke Prince George at 8 p.m. in Milbank Sound south-bound.

Prince Rupert—Raining; wind S. E., strong; 29.54; 36; sea rough. In, Princess Royal at 9 p.m.; Princess Beatrice at 8.45 p.m.; Chicago during night.

Dead Tree Point—Cloudy; calm; sea smooth.

Development League's Activities.—With the great immigration season drawing near—a season, by the way, which promises to beat all records as far as numbers are concerned—letters and inquiries are pouring in to the office of the local Development League from all parts of the Empire. An interesting communication in this morning's mail bag was from a professional lady-gardener in Berkshire, Eng. She is desirous of learning if there are openings for women in the gardening profession in this island. She has had a two-years rigorous training at a horticultural school of high repute in the Old Country, and is anxious to continue her work in this district.

A number of letters from Toronto have also been received from people on whom the winter of last year laid too heavy a hand, and who wish to come to a country with a milder climate. An army captain writes for literature, as also does a gentleman of Surrey, England.

DAMAGED STEAMER ON HER WAY SOUTH

Cheloshin Expected in Vancouver To-morrow—Some Time to Repair Her

Coming south under her own steam escorted by the salvage steamer Salvor, the steamer Cheloshin, Capt. Cowper, of the Union Steamship Company, will reach Vancouver to-morrow morning. She will discharge her freight there and it is not known yet whether she will be brought across the Gulf to Esquimalt to be repaired or not. Word was received here by wireless to-day from the Salvor that the Cheloshin was on her way south from the Skeena river, where she struck early in the week.

The Cheloshin ran ashore in a slough in the Skeena during a blinding snowstorm. Several of her plates were punctured in the stokehold and bunkers and she is taking much water. The pumps, however, are able to keep the water down and she is making the run down the coast without any difficulty. After the vessel struck she tied up at the North Pacific cannery to await the arrival of the Salvor from this port. As far as can be learned no cargo has been damaged.

The work of repairing the Cheloshin will take some time and while she is off the run the Venture and Camosun will maintain the service.

HEAD LIGHTS

The Japanese steamer Koan Maru, under charter to Balfour, Guthrie & Co., passed out to sea yesterday. She loaded at Tacoma for the Orient.

Cable advices report the arrival of the steamship Minnesota, of the Great Northern Steamship Company, at Yokohama. The vessel, with her big Seattle cargo, reached the Orient on Tuesday.

From Comox and way ports the C. P. R. steamer Princess Mary, Captain Brown, will arrive in port to-morrow morning with a number of passengers and some freight. She is to sail for Skagway on Monday night, taking the place of the Princess May.

To-morrow morning the Grand Trunk Pacific steamer Prince George, Capt. Frank Saunders, will arrive in port from Prince Rupert. She is bringing south a great many passengers. According to her schedule the George will clear from here on Monday morning at 10 o'clock.

Word was received here yesterday announcing the arrival of the French harque Le Pillier, one of the Puget Sound grain fleet, off the Lizard on Thursday. The saller left Tacoma on November 21 and is the second of the fleet to arrive. Word is expected soon of the arrival of the British ship British Isles, which left the Sound with a grain cargo nine days before the Frenchman.

HOLIDAY DRUNKS PUT UP A POLICE RECORD

Boarding House Keeper Not Interested in Charge Against Her of Burning Tools

From midnight Thursday until early this morning the police patrol was running back and forth conveying drunks who were in various stages of intoxication from Johnson, Cormorant and Government streets to the lock-up, and when Magistrate Jay took his seat on the police court bench this morning there were twenty men before him who all answered "guilty" when charged with the offence. The number creates a record for Victoria, the previous highest total before the magistrate being sixteen for one day.

Fines collected this morning from the twenty drunks totalled \$30, and John Keating and James Bradley, who were drunk in the Palace saloon and created a disturbance by fighting, added \$4 each to the amount, making a total for the morning court of \$38.

The men answered their names one after the other and went through the short form of being charged and pleading guilty, with the exception of an Italian whose name was written Ed. Peter. He eventually had the nature of the charge interpreted to him in Italian and then admitted the facts and paid his fine.

Frank Ferrin, a Frenchman, who still showed the effects of his carousal of yesterday denied that he was drunk but said he thought it as well to plead guilty. The others who helped to make the record are: A. McDonald, Harry D. Strong, Daniel Stahl, Hugh Brannigan, W. Sillary, M. Vanderstock, A. C. Groves, Herbert Jackson, John Smith, Gus Anderson, James Welsh, Robert Harrison, John Warnock, Thos. Patton, George Kirk, Frank Robinson, Donald Wilson, James McMillan, Frank Perrin and Ed. Peter.

Mrs. Burge, the boarding-house keeper who admitted having burned her lodger's carpentering tools, appeared again this morning and told Magistrate Jay that she was just in the same mind about her act as she was when before the court earlier in the week. She again denied the court that she had no intention of paying for the things burned. Therefore, it would be better for her to go and not waste any more time of the court.

Magistrate Jay told her that had she been a man he would have imprisoned her, and she replied that had she been

WOMAN'S MOST SUCCESSFUL MEDICINE

Known All Over The World—Known Only For The Good It Has Done.

We know of no other medicine which has been so successful in relieving the suffering of women, or received so many genuine testimonials, as has Lydia E. Pinkham's Vegetable Compound.

In nearly every community you will find women who have been restored to health by this famous medicine. Almost every woman you meet knows of the great good it has been doing among suffering women for the past 30 years.

Fox Creek, N. B.—"I have always had pains in the abdomen and a weakness there and often after meals a soreness in my stomach. Lydia E. Pinkham's Vegetable Compound has done me much good. I am stronger, digestion is better and I can work with ambition. I have encouraged many mothers of families to take it as it is the best remedy in the world. You can publish this in the papers."—Mrs. WILLIAM S. BOURQUE, Fox Creek, N. B.

In the Pinkham Laboratory at Lynn, Mass., are files containing hundreds of thousands of letters from women seeking health, in which many openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound, many of whom state that it has saved them from surgical operations.

a man it would not have happened. She was advised to control her temper in the future and was allowed to go on suspended sentence.

LARGE CROWDS OUT FISHING YESTERDAY

Regular Train Service Not Sufficient—Didn't Meet With Very Great Success

Yesterday was the first big day for the fishermen and hundreds took advantage of the holiday and fished themselves to up-land resorts, where the elusive trout are known to lurk. The E. & N. trains found it impossible to accommodate the crowd with the regular service and sent off two long strings of cars, even then being filled to capacity.

So far as could be learned to-day not a great deal of success was met by the Waltonians. At Saanich Arm, which was the focus of a large number three or four fish to the boat was about the order. A big majority of the fishermen, who will not return until Monday or Tuesday, are, of course, yet unheard from.

At Cowichan Lake and Cowichan River the trout are said to be rising freely, while some are being caught at Somenos Lake, Prospect Lake and Cushion Lake, Salt Spring Island.

FACTORY FOR SOCIALISTS

Generous Offer of Yorkshire Factory For Experimental Purposes.

A well-known Yorkshire manufacturer wants, to see whether Socialism is a "business proposition." To test the matter he has made what at sight appears a very generous offer. He promises to give the Yorkshire Socialists, free of rent for six years; a woollen mill at Otley, on condition that they run it on Socialistic lines. The local Socialists have apparently seriously considered the offer, and come to the conclusion that its acceptance would involve the provision of £3,500 working capital which they have not got. A proposal has, therefore, been made that Mr. George Bernard Shaw, who is generally regarded as a wealthy Socialist, should take up the offer. Interviewed on the subject by a "Daily News" representative, Mr. G. B. Shaw stated that the offer had not yet reached him, but that he would be perfectly ready to entertain it provided there was obtained at the same time a charter establishing Socialism in Yorkshire. "It is perfectly obvious," he said, "that a factory cannot be run on Socialistic lines unless the whole country is governed on the principles of Socialism." This, presumably, is the reason why wealthy Socialists still invest their spare money in capitalistic undertakings.

NEGOTIATING TO BUY FIVE SISTERS BLOCK

CHARLES HAYWARD IS HEAD OF SYNDICATE

Corner of Government and Fort May Change Hands—Next Week for \$350,000

Should negotiations at present being conducted between the owners of the property at Fort and Government streets, known as the Five Sisters block, and Charles Hayward, representing a local syndicate, be completed, the property will change hands early next week for \$350,000, and a new building will be planned to grace the corner and one of the most valuable corners of the city.

The property was optioned recently to the C. P. R., but the railway company did not complete the purchase, and it fell back to the owners who are now negotiating the sale a second time.

The block is 196 feet on Government street and 160 on Fort street, and was formerly occupied by a five-story building known as the Five Sisters block. The large fire in the early fall of 1910 completely destroyed the building, and it has remained a ruin ever since.

Charles Hayward said this morning that negotiations had been opened with the owners of the property, but that a purchase had not yet been made. He did not expect to complete the purchase before the middle of next week, even if the terms were agreeable to both sides.

OBITUARY RECORD

The funeral of the eight-months-old son of Mr. and Mrs. Robert Moody, 2580 Graham street, took place this afternoon at 2.30 from the family residence, Ensign, Mr. Moody, of the Salvation Army, conducting the service.

The funeral of the late Andrew Tolmie which took place on Thursday afternoon was a very impressive one, the services being held in the Masonic Temple, corner Douglas and Fisguard streets, by Brother W. F. C. Pope, Worshipful Master, Vancouver-Quadrangle Lodge No. 2, A. F. & A. M., assisted by the chaplain, Brother J. Woodcock. The local Masonic lodge attended in a body, and a large number of friends of the deceased. There were many beautiful floral tributes on the bier. The following acted as pallbearers: D. Jones, J. K. Angus, W. Murray, J. A. O'Brien, G. Carr, and E. G. Wickens, all of whom are Masons.

The funeral of the late Mr. Charles Henry Wright took place this afternoon at 2.30 p.m., at Christ Church Cathedral, where Very Rev. Dean Doull conducted the services. The deceased is survived by his widow and four children.

The death occurred at the Jubilee hospital yesterday morning of Miss Gertrude Lillian Ann Heal, eldest daughter of Mr. Charles A. Heal. The deceased, who was only fifteen years of age, was born in the Lake District, and was educated at Lake District school and, latterly, at St. Ann's Convent. She had only been ill a short time, and up to the time of her illness had been in splendid health. Both in the neighborhood of her home in the Lake District, and among her school-fellows at the convent she was a great favorite and very popular. She is survived by her father and mother and two sisters. The funeral will take place on Monday afternoon at 1.45 from the family residence, Royal Post Office, Lake District, and at 2.30 from St. Michael's church, Lake District, interment being in the cemetery adjoining the church.

The death occurred yesterday morning of Mrs. Anna Margerite Appalonia Gressmer, aged 55. She was born in Driedsfield Rhineplatz, Germany, on June 8, 1835. She leaves one son, A. Gressmer, bachelor on B. M. St. Richmond, one daughter, Mrs. A. Weber, and two grandchildren, R. P. Weber and Mrs. A. Nelson of Esquimalt road. The funeral will take place from the Victoria Undertaking parlors, Monday, at 9 a. m. and later from St. Andrew's cathedral.

DEVELOPING MINES

Nelson, April 5.—Announcement of the letting of contracts for the new tramway for the Rambler-Cariboo mine, and a compressor plant for the Payne mine were made by W. E. Zwicky, manager of the Rambler-Cariboo and consulting engineer for the Slocan-Payne Mines, Ltd. Mr. Zwicky mentioned that plans for the mill were complete and that a strike of from six to eight inches of rich ore had been made at the Rio quarry, just above the Rambler-Cariboo, and that good results were being attained as a result of the work on the drift of the Rambler-Cariboo extension property which is worked through a Rambler-Cariboo tunnel. Mr. Zwicky is also manager of the two latter properties. The tramway at the Rambler-Cariboo mine will be 6,700 feet in length, and will connect the ore from the workings of the property to the mill, which will be located beside the new C. P. R. line from Three Forks to Bear Lake. The tram will cost \$15,500.

The mill, at present at the upper workings, about 2,000 feet above the lower tunnel, will be moved and reconstructed at a site adjoining the railway track. Some improvements will be made in the mill in order to make it entirely modern and it will have a daily capacity of 100 tons. As the property has been under steady development for some years there is sufficient ore in sight to keep

the mill in operation for several years, Mr. Zwicky stated. Development is at present being continued on the levels between the 1,450-foot tunnel and the 500-foot workings. The ore which has been shipped has been that taken during development work only; no ore has been mined with a view to shipping.

The compressor plant for the Payne mine will have a capacity of 500 cubic feet of air, and will operate about five drills. The Sullivan Machinery Company has the contract and will commence installation at an early date.

SALARY OF ROYAL CITY ALDERMEN

By-law Before Council Increasing Indemnity to \$400 a Year

New Westminster, April 6.—While attention at the regular meeting of the city council was riveted on the raise in the firemen's wages, the fact that the city aldermen are also going to have an advance in salaries escaped notice. But it is true nevertheless. Under the unassuming guise of the "Aldermen's Indemnity By-law," the change is being put through. The aldermen have raised their salaries to the limit of \$400 a year. Up to the present time they have been content with the indemnity of \$300 a year. The new figure is the highest possible under the Municipal Clauses Act.

The mayor does not get in on this advance. By some oversight possibly, no provision is made in the revised statutes for mayors of cities with populations under 20,000. At present Westminster rewards her mayor with \$1,500 a year, and there the figure will have to stick until an amendment to the act is brought in. Mayors of cities over 20,000 may be given as much as \$4,000 a year.

LUMBAGO NEVER CAME BACK

AFTER HE TOOK GIN PILLS

If you dread winter because of Lumbago or Rheumatism, then this letter of Mr. Jukes is a special message to you.

"Winnipeg, Jan. 6, 1911

"I have been a sufferer from Lumbago for some years past, and during Christmas week of 1909 had a very acute attack which confined me to the house. About the latter part of April following, I met your Mr. Hill and mentioned my complaint to him. He advised me to take GIN PILLS. I have been taking them at intervals during the early part of the present winter, and up to date

trouble,—in fact, I feel better than I have for years and think that my old enemy has vanished for good and all.

"GIN PILLS are sold on a positive guarantee to cure or money refunded. 50c. a box, 6 for \$2.50. Sample free if you write National Drug & Chemical Co. of Canada, Limited, Dept. V. T., Toronto.

"NATIONAL LAXATIVE PILLS—the best laxative. 25c. a box.

SIR MAX A FINANCIER.

Interrogates House of Commons to Explain Treasury Chest.

Sir W. Max Aitken has begun to assume the role of a financial speedster in the British House of Commons. He has already sent the junior lords of the treasury cogitating to the contents of their official despatch boxes.

Probably not a great number of people know of the existence of a Treasury Fund, but the quick eye of the alert financier from Montreal who represents in the Commons the constituency of Ashton-under-Lyne discovered that there was something that needed explanation in a motion that the lords of the treasury had sent up in connection with the treasury estimates.

This motion was in these terms: "That a sum, not exceeding £42,666, be granted to His Majesty, to defray the charge which will come in course of payment during the year ending on the 31st day of March, 1912, for making good the net loss on transactions connected with the raising of money for the various treasury chests abroad in the year 1910-11."

Sir Max bombarded the particular junior lord who sits in the Commons as secretary to the treasury with a volley of questions regarding the transactions carried on under the provisions of the treasury chest fund, the rates of exchange or premiums paid for the transfer of money under the fund.

There was a reminder of a statement made by a former secretary to the treasury to Mr. Hamilton Benn, the member for Greenwich, only a short while previously that the total operations in exchange amounted to about five hundred thousand pounds and it seemed that £42,666 was a very large amount to pay for such a small sum in exchange. He wanted to know whether the money went for any other purpose.

The reply of Secretary Masterman was to the effect that the loss that had to be made good was entirely due to a deficiency on the Treasury chest at Hongkong, which was owing to the official difference between the value of the dollar the treasury had to pay at Hongkong and the exchange on Treasury Chest Bills.

The practice upon which the government acts was laid down by that good old Unionist financier and banker, the late Lord Goschen, and it was in substance that the rate should be calculated on the price of silver in London

in the quarter before the money was to be paid. Sometimes advantages were got from year to year from this and sometimes the reverse. This year owing to the rise in the price of silver there had been this loss through paying the army and navy at that station more than they would otherwise have done.

Sir Max was not satisfied that all the information he had sought had been given so there were hints of the whole question being raised in a speech on the report stage.

Mrs. Margaret Powell, who is in her sixtieth year, retired from the position of postmistress of Bultth Wells, Breconshire, last month. She had held this post for fifty-seven years, and the office has been under the management of her family for an unbroken period of 92 years.

Alice Nielsen

America's Greatest Lyric Soprano

Sings Exclusively for the Columbia Graphophone

Alice Nielsen

Alice Nielsen, recently of the Boston Opera Company, and now one of the leading sopranos of the Metropolitan Opera House, New York—an artist whose name has long been known in every American household—is, above all else, one of those who are singers "by the Grace of God." It is natural to find Miss Nielsen rising within the space of a few years from the position of America's foremost light opera prima donna to the enviable place in grand opera she occupies to-day, and to find that each year her progress has so remarkably eclipsed her best of previous years, that only records made in the past few months can do full justice to her or truly represent her exquisite art.

HAT PINS. JABOT PINS. COLLAR PINS. TIE PINS.

A LADY may be perfectly gowned, her hat the most beautiful imaginable, but unless close attention is given to the "little things" her appearance is far from being CORRECT.

The dainty Waist or Blouse worn with the separate skirt calls for a JABOT COLLAR or TIE PIN, such as shown by us in gold-lilied, sterling silver, or solid gold. With the tailored suit they may also be worn with perfect harmony.

Hat Pins are here in the dozens, in designs suitable for the new straws, as well as "chic" ideas for dress hats.

NOTE—We buy direct from the leading manufacturers.

EXTRACT FROM "BRITISH MEDICAL JOURNAL" March 23, 1907.

"A Most Valuable Food"

At a time when the preparation of artificial foodstuffs is receiving more attention than ever before, and when new forms of easily assimilable fat to take the place of cod liver oil are being frequently brought to the notice of the medical profession, it is desirable that some of the older forms of administering natural fats should not be lost sight of. Among natural fats, butter easily takes first place for nutritive value, and when combined with a suitable soluble carbohydrate, a most valuable food is produced.

THE BUTTER SCOTCH which Messrs. Callard & Bower (Duke's Road, Euston Road, W. C.) have prepared for fifty years is such an article, which has the great advantage of being palatable, so palatable, in fact, that children are more likely to need restraining from excess than any persuading to take it. This BUTTER SCOTCH is stated to contain 11.7 per cent. of fat and 73.3 per cent. of sugar, and the results of an analysis which we have made recently of a specimen substantially confirm these figures. Further chemical examination of the fat extracted showed it to be genuine butter fat. This confection can therefore be recommended, not only as a harmless sweetener, but also as a very useful addition to the diet in suitable cases. In all the Principal candy stores in Victoria.

MILITARY MATTERS

The following regimental order has been issued by Lt.-Col. Currie, commanding the Fifth Regiment:

Enlisted—The following men, having been duly attested, are taken on the strength from the dates specified: No. 41, Gnr. Charles Dunlop, January 4; No. 42, Gnr. Elmore Louis Casey, January 4; No. 43, Gnr. John Hillery O'Keefe, January 4; No. 44, Gnr. Louis Cyril Despecker, February 4; No. 45, Gnr. Russell James Macaulay, February 4; No. 46, Gnr. Rudolf E. A. Despecker, March 4; No. 47, Gnr. David Purrott, March 4; No. 48, Gnr. Thomas Robertson, March 4; No. 49, Gnr. A. E. Greenwood, March 4; No. 50, Gnr. Jas. A. Watson, March 4; No. 51, Gnr. William G. Watson, March 4; No. 52, Gnr. Isaac Finlay, March 4.

Dismissed drill—The following men are dismissed from recruit drill by the adjutant, and posted to companies as under: To No. 2 Company, No. 112, Gnr. C. E. Runacres; No. 107, Gnr. A. Walker; No. 123, Gnr. C. Leary; No. 154, Gnr. E. Nicholas. To No. 3 Company, No. 237, Gnr. J. Gilmore.

Office—Office will be held on Thursday next, 11th inst., instead of Wednesday, 10th inst., as usual.

Drill Hall Closed—In accordance with the usual custom the drill hall will be closed for the Easter holidays from Friday 5th inst. to Monday 8th inst., both dates inclusive.

Officers' Meeting—The regular monthly meeting of the officers' mess will be held in the drill hall on Thursday, 11th inst., at 8.30 p. m. Dress, undress uniform.

Sergeants' Meeting—The regular monthly meeting of the sergeants' mess will be held in the drill hall on Thursday, 11th inst., after drill.

Discipline—All ranks are reminded that they must not enter the orderly room except on duty, and on no account must clothing be left there during drill.

No. 1 Company are to be congratulated on the way in which they have been recruiting, regimental orders showing 12 men posted to their company this week. They will hold a smoking concert in the 'Eagles' Hall on Tuesday evening at 8 p. m. A splendid programme has been got up and a good time is promised to all who attend.

No. 2 Company held their annual Good Friday shoot yesterday at the range. As was expected a good number turned out, the splendid weather and light wind making a most enjoyable time for all who competed for the splendid prize list provided by the company's committee.

The great interest taken by this company in shooting is shown by the

way in which they provide these extra shooting competitions on every opportunity, their principal shoots being held on Good Friday and Thanksgiving Day, when a good sum is voted by the company for prizes for all classes.

These, with the special sports awarded each month in addition to those given by the Regimental Association gives every rifleman, young or old, ample opportunity to have something to show for his season's shooting, and the coaching that the older rifle shots of the company are only too willing to give to the new recruit and younger shots places this company on a basis of its own, and makes it a very desirable company for all who intend joining the regiment.

Tom A. Stevens, who is the energetic man in the company and is making every effort for this to be the bumper year of the company, not only in drill and shooting, but in the little things that tell for the comfort of the man in the ranks at camp as well as in the drill hall. This company, which has always paraded a large muster, is going to march into camp with its full strength. It has only room now for 22 more recruits and the N. C. O.'s are making strides to get these places filled up before this month is out so as to give the new men plenty of time to work on the guns before going into camp at Macaulay Fort, where they will man the 6-inch guns. Details of the rifle competitions yesterday are as follows:

No. 2 Co., 5th Regt., C. G. A.

LECTURE ON BURMA.

Interesting Address Given at First Baptist Church Thursday Evening.

It is not often that an audience has the pleasure of hearing such an interesting lecture on the subject of Burma and the habits of its people as that given on Thursday evening at the First Baptist church by Mrs. A. McLeod of Vancouver, who, with her husband, is home on furlough after a twenty years' residence in India. The lecturer appeared in Burmese native costume, which was particularly useful in illustrating her description. Although the women of Burma suffered numerous disadvantages socially and educationally when compared with their Occidental sisters, in the matter of dress they certainly had a great advantage. This, said the speaker, consisted of seven yards of uncut material, which was wrapped around the figure and kept in place without pin or brooch or other fastening. One shoulder was left bare, but when the day was chilly one end of the length of cloth was unwrapped from the figure and thrown across the unprotected arm. If the day was too hot, the same device was used to protect the head from the heat of the sun. The dress was even more varied in its uses, and served as a purse, shopping bag, and towel; in one corner of the loose end the coin was tied; in a fold the result of the morning's round of the bazaars was carried; and the toilet requisites were simplified by dispensing with a face-towel and utilizing one end of the length of material for this purpose. The nature of the material varied according to the rank and wealth of the wearer, and ladies of distinction wore numerous bangles and articles of jewelry as a mark of their rank.

In describing the social customs of Burma, Mrs. McLeod told of the position of women in the home as compared with the position of western women; they had, she said, second position in all things where their husbands were concerned; she was considered as an inferior, and walked meekly four paces behind him in public, sitting down to her meals at the table which he had just left, and contenting herself with such scraps as remained. Old people had no such position of honor as they had either in China or among western people, and were treated with great neglect and contempt. The lecturer said that idolatry was still quite prevalent, and that the people are in bondage spiritually as well as in the case of the women—bodily.

Mrs. McLeod described at some length the position occupied by the various church missions around the Bay of Bengal, saying that a sort of tacit agreement seemed to exist among these as to the boundary within which they would confine their work in order to avoid overlapping. The Baptist mission occupied almost the entire east coast of the Bay of Bengal, and here the men and women labored among the poor making converts to Christianity.

At the conclusion of the very entertaining address, the newly formed church mission band gave a very impressive and pretty exercise representing the search for happiness; for this purpose a cross, draped in white and entwined with a garland of flowers, was arranged around the band with flowers, and the hymns, and Miss B. Palmer sang very prettily. After the collection of the thankoffering by the members of the circle, refreshments were served.

BAND CONCERT.

Fifth Regiment Musicians Will Play in Park To-morrow.

To-morrow afternoon the Fifth Regiment band will give a concert at Beacon Hill park commencing at 3 o'clock. This probably will be the opening of the season's outdoor concerts in the park. The programme to be rendered is as follows:

March—Victoria Commandery. Meyer Selection of Stephen Adams' Songs.

..... Prendville Chorus—And the Glory of the Lord Handel (a) Romance for Trombone. Bennett (b) Mendelssohn's Spring Song.... Grand Selection—Il Trovatore.... Verdi Overture—Le Caid..... Thomas Waltz De Concert—My Lady Laugh-ter

Selection—The Spring Maid Reinhardt March—Fighting Through to Victory..... Oscar God Save the King.

The first advertisements known in England were in the shape of small bills affixed to the door of St. Paul's Cathedral.

FISHING COMPANY AT PORT ALBERNI

R. M. MARPOLE BACK FROM ISLAND TRIP

Osborne Bay and Cowichan Lake Lines Inspected With Party of E. & N. Officials

R. M. Marpole, western executive of the C. P. R., returned from a trip over the Island line at noon to-day and brought down the news from Port Alberni that there was to be established there by a private company a fishing and refrigerating business. Part of his business on the northern trip was to locate a site on C. P. R. property for the new company, on which the refrigerator will be built.

Negotiations have been opened between the C. P. R. and the fishing company, whose principals the C. P. R. officials will not disclose; the understanding being that the railway company will provide a refrigerator site on the waterfront at Port Alberni in the event of the fishing company going ahead and operating in the adjacent waters. Arrangements will be made by the company for hauling the fish over the E. & N. railway to Victoria.

Mr. Marpole reports that he found a good healthy development all along the line to the Port Alberni terminus. There has been much clearing done since his last visit, many new houses built and a general healthy development. He found the new track from Nanaimo to Alberni in good condition and also paid a visit to the company's new line from Westholme station to Osborne Bay, where he found the track for the whole distance almost ready for the rails.

The eleven miles of line completed on the Cowichan lake extension was visited and the progress on the work found satisfactory. Mr. Marpole inspected the additions to the railway yard at Nanaimo and Duncan. The work at the latter station is costing about \$15,000.

Mr. Marpole was accompanied by H. T. Beasley, superintendent of the E. & N. railway; H. J. Cambie, C. E. Cartwright, J. H. Solly, Capt. Troup and R. A. Bainbridge. He left for Vancouver on the afternoon boat after inspecting the alterations and additions to the Empress hotel.

The Evening Chit-Chat

By Ruth Cameron

Mrs. Ella Flagg Young, of Chicago, the woman who is superintendent of the schools of one of the largest cities in the country, has more, in the world, and who was awarded that office despite the keenest of competition from the best male educators in the country, is a newly proven her right to this great position.

At least in my opinion. For Mrs. Young has come out with the statement that the building up of the bodies of the pupils of the public schools is more important than the training of the mind.

"We have come to believe," says Mrs. Young, "that it is more important to build the body of the youth, until it is as near physical perfection as possible, than it is to devote so much time towards development in mental attainments."

I wish that every mother in this land might read and ponder well over that statement.

Especially every mother of daughters between the ages of ten and twenty-one.

I was visiting a woman recently who has a daughter fifteen years old in the last year of high school. She brought out the girl's report card to show to me. It was almost all "A's" with a few sprinkling of "B's." She was evidently very proud of this card. My self I think she should have been ashamed of it. For the girl is a puny, undeveloped, under-sized, stoop-shouldered, colorless little caricature of a girl. And the report card was the symbol of the reason for all this.

It almost makes me want to cry when I see mothers and fathers allowing and even encouraging their children to sell gold for dross in this way.

How can they be so blind or cruel? Is it success you want for your daughters, Oh mothers?

Then know that brilliant report cards, anxiously studied lessons will not do one-tenth as much to bring it to them as normal healthy bodies and a reserve of strength.

Is it happiness you want for your daughters, Oh mothers?

Then know that nothing can do so much to bring it to them as a healthy attractive body—the beauty of health and the sanity and power of it.

I know two girls who have always given more thought to mental, than to physical development, and who have been brilliantly successful in school and college. These girls have married recently. Under the strain of married life, which should not be any strain at all, the normal woman, one girl has broken down so that she has had to give up her pretty little home and go boarding, and another has become so nervous and unlivable that the

presence of a pretty good man has been tried to the breaking point, and a disruption of the marriage is actually threatened.

Oh mothers, please don't take this as the mere mechanical ranting of a newspaper writer. It's much more than that. It's the heartfelt word of one who knows.

Please believe me and save your daughters from the inefficient, unsatisfactory lives, for which they may be preparing by their folly.

No matter what the teachers may say, don't allow your girls, especially those between twelve and sixteen, to study more than two hours a day out of school. There's no possible need of it. If your daughter can't keep up with her classes that way, just let her drop behind. That's no disgrace, not half so much a disgrace as an undeveloped body would be. But I don't think there would be any danger of dropping behind.

And in the time that she does not study, see that she is out of doors as much as possible. Woods Hutchinson says that everyone ought to have at least three hours a day of outdoor exercise. Does your daughter get this? Does she get half this? Does she get outdoors at all, except the walk to and from school?

These are questions that I wish every mother in the country could ask herself, and if the answer is not satisfactory, make it so.

CURED OF CONSTIPATION

Mr. Andrews praises Dr. Morse's Indian Root Pills.

Mr. George Andrews of Halifax, N.S. writes:

"For many years I have been troubled with chronic Constipation. This ailment never comes single-handed, and I have been a victim to the many illnesses that constipation brings in its train. Medicine after medicine I have taken in order to find relief, but one and all left me in the same hopeless condition. It seemed that nothing would expel from me the one ailment that caused so much trouble, yet at last I read about these Indian Root Pills.

That was indeed a lucky day for me, for I was so impressed with the statements made that I determined to give them a fair trial.

They have regulated my stomach and bowels. I am cured of constipation, and I claim they have no equal as a medicine."

Home Builders

Mark off the lots open for sale on this plan. Then inspect the property, and act quickly. The subdivision has only recently been placed on the market and the lots are being rapidly purchased by both investors and home builders, and already building operations have been commenced. The property is only a mile and a half from the City Hall and will in the very near future have a car line operating along Lansdowne Road. Already the street is being torn up and pipes laid past these lots, ready for the rails and paving. Everyone that speculates in real estate knows that the time to buy is before the streets, etc., are made. Buy now and reap the enhanced values that are bound to come, almost immediately. Remember, it takes only ten per cent cash to get one of these lots and fifty dollars quarterly. Property is inside the city limits and will have graded streets, sewer, water, light, etc. All lots have gentle slope, affording excellent drainage.

FROM RED DEER
TO KAMLOOPS

Winnipeg, April 2.—The C. P. R. has a big building programme which contemplates a new through line from Red Deer, west, striking the present main line at Kamloops. Superintendent Busted of the Manitoba division was promoted last week to handle all mountain construction in pursuance of this plan.

FROM RED DEER
TO KAMLOOPS

Winnipeg, April 2.—The C. P. R. has a big building programme which contemplates a new through line from Red Deer, west, striking the present main line at Kamloops. Superintendent Busted of the Manitoba division was promoted last week to handle all mountain construction in pursuance of this plan.

AN IMPORTANT ANNOUNCEMENT

appeared in the Colonist of April 2nd, 1912, to the effect that the C. P. R. WILL BUILD A LINE FROM RED DEER, ALTA., TO KAMLOOPS, joining their main line to the Coast. The C. P. R. are a farsighted corporation and "THERE'S A REASON" why they are building this new line. They know well enough that the grade on their present route is far too heavy to compete with the grade of the Canadian Northern and the G. T. P., and that if they wish to obtain the future wheat transportation business from the prairies to the Coast, they must secure a road the grade of which is as good or better than their competitors. The decision of the C. P. R. confirms what we have said before. RED DEER is bound to be a big grain and transportation centre.

Alberta Park, Red Deer

Is Situated Directly in Line of the City's Growth

The Price To-day is \$100 Per Lot

TERMS: \$5 Cash and \$5 Per Month Per Lot

The prices of lots may be raised at any time now. We would therefore strongly advise you to come in right away and secure your lots.

THIS IS AN OPPORTUNITY to make money, and the terms have been made to suit the poor man as well as the rich. 120 lots have been sold to date. Three blocks have been reserved by a well known London (England) firm.

IMPROVEMENT OF
ROCK BAY INLETMR. SORBY ATTENDS
BEFORE CITY FATHERSProposal Referred to Joint
Committee of Representa-
tive Bodies

The secretary of the Inner Harbor Association, T. C. Sorby, by arrangement met the streets committee of the city council on Thursday evening in connection with the opening up of the Rock Bay bridge. By putting in a

bridge with a moveable span, which he believed could be taken from the Point Ellice bridge, he argued that the industries on the inlet would be greatly benefited, and similarly the opening of the Point Ellice bridge would afford access to the upper arm. The result to the mills above the bridge was that they were paying 75 cents a thousand for haulage more than the mills below that obstruction to navigation. The span could be opened by various devices, none of them difficult to engineers.

Mr. Sorby declared that the expense would be trifling compared with the advantages to be derived. He thought a committee would be the best way of dealing with the matter.

Alderman Cuthbert believed that so important was the improvement of the harbor that there should be appointed a joint committee consisting of members of the city council, the city engineer and solicitor, representatives of the Board of Trade, Real Estate Exchange, and Trades and Labor Council, to go thoroughly into the matter.

Alderman Beard said a limit should be set to the growth of industrial developments on the Victoria Arm, which

was clogged with logs, destroying a great beauty and bathing resort. "There is hardly a place for a duck to alight upon now," he said.

This graphic description of the condition of things led to a discussion, in which all the aldermen joined, and it was the general opinion that there must be no obstruction of the upper harbor by floating logs.

Mayor Beckwith referred to the numerous applications for foreshore rights on West Bay, and said they would require watching from the standpoint of the city, as some of the street ends were threatened with obstruction in the projected schemes.

Mr. Sorby remarked there was even a scheme to extend Coffin Island 700 feet out, and he was looking into the matter at the present time.

The suggestion of Alderman Cuthbert was then embodied in a resolution and passed. Aldermen Cuthbert, Beard and Porter being appointed by the mayor on the committee.

IDEAS OF A PLAIN MAN

BY DR. FRANK CRANE

All writers are plagiarists. Entire originality is a myth. We all steal, consciously or unconsciously.

The only question is, what does one make of what he steals?

Does he so saturate it with his own personality as to make it something different? Does he steal as a bee steals from flowers, to make honey out of nectar? Or does he steal, as a jackdaw steals peacock feathers, to stick in his tail?

The common stock of ideas is only about so large, and has been used over and over again by each age.

Solomon, for instance, said there was nothing new under the sun, and here I am saying the same thing in a little different way.

But there is one new thing; it is personality, individuality, that peculiar tang and flavor which each mind has. Jones and Brown may utter the same idea, but in one case it will sound like a Jonesism and in the other like a Brownism.

It is not your fact or your idea that interests me; it is the chemical compound of your idea or fact with your soul.

For there are some insects who do not make honey out of nectar, as the bees do, but, as Colton says, "have neither taste to select, nor skill to improve, but imprudently pilfer the honey ready prepared for the hive."

Friday—Victoria Lodge, No. 1.

The Cup Competition.
Well, it's all over, and Columbia Lodge, No. 2, once more asserted its supremacy in the degree work.

Although the judges have not given the figures of the various lodges, there is no doubt that the winning team has a considerable lead over their nearest competitor. The teams stand in the following order: 1st, Columbia Lodge, No. 2; 2nd, Victoria Lodge, No. 1; 3rd, Dominion Lodge, No. 4. We feel tempted to hand out a bunch of bouquets to the officers of the winning team, but will not do so—they will receive them later on. The work was splendid. One thing is sure, the winning team of this term could defeat the winning team of last term without any trouble. It is not a question of how well the other lodges put on the work, it is a question of how near perfect Columbia Lodge, No. 2, exemplified the degree.

All three lodges have made great improvement since the last competition. Although defeated, Victoria Lodge and Dominion Lodge have the satisfaction of knowing that they were beaten by the best initiatory degree team Columbia Lodge ever had. Both of these lodges put on the work away ahead of the average teams, and they have nothing to regret. They did their work well and many expressions of praise were heard on the manner in which they exemplified that very impressive ceremony. By winning the cup this time, it becomes the property of Columbia Lodge, as it is the third straight win for that team. Will the competitions cease? Not by any means. Several members have expressed their intentions of putting up another cup for competition. The chances are the next competition will be in some other degree—perhaps the second. When the judges send in their official report we will be able to give the points won by each team. The report will likely be ready by this time next week.

Colfax Rebekah Lodge, No. 1.

On Tuesday evening next a number of candidates will receive the Rebekah degree. The team is still doing considerable practice work, and some very nice degree work is being done.

Columbia Lodge, No. 2.

Having put on the initiatory degree for the past six weeks, a large number of candidates will receive the first degree next Wednesday evening.

Victoria Lodge, No. 1.

On Friday evening next this lodge will hold a social evening, to which the members of the various lodges are cordially invited.

1725, 1727, 1729, 1731, 1733, 1735, 1737, 1739, 1741, 1743, 1745, 1747, 1749, 1751, 1753, 1755, 1757, 1759, 1761, 1763, 1765, 1767, 1769, 1771, 1773, 1775, 1777, 1779, 1781, 1783, 1785, 1787, 1789, 1791, 1793, 1795, 1797, 1799, 1801, 1803, 1805, 1807, 1809, 1811, 1813, 1815, 1817, 1819, 1821, 1823, 1825, 1827, 1829, 1831, 1833, 1835, 1837, 1839, 1841, 1843, 1845, 1847, 1849, 1851, 1853, 1855, 1857, 1859, 1861, 1863, 1865, 1867, 1869, 1871, 1873, 1875, 1877, 1879, 1881, 1883, 1885, 1887, 1889, 1891, 1893, 1895, 1897, 1899, 1901, 1903, 1905, 1907, 1909, 1911, 1913, 1915, 1917, 1919, 1921, 1923, 1925, 1927, 1929, 1931, 1933, 1935, 1937, 1939, 1941, 1943, 1945, 1947, 1949, 1951, 1953, 1955, 1957, 1959, 1961, 1963, 1965, 1967, 1969, 1971, 1973, 1975, 1977, 1979, 1981, 1983, 1985, 1987, 1989, 1991, 1993, 1995, 1997, 1999, 2001, 2003, 2005, 2007, 2009, 2011, 2013, 2015, 2017, 2019, 2021, 2023, 2025, 2027, 2029, 2031, 2033, 2035, 2037, 2039, 2041, 2043, 2045, 2047, 2049, 2051, 2053, 2055, 2057, 2059, 2061, 2063, 2065, 2067, 2069, 2071, 2073, 2075, 2077, 2079, 2081, 2083, 2085, 2087, 2089, 2091, 2093, 2095, 2097, 2099, 2101, 2103, 2105, 2107, 2109, 2111, 2113, 2115, 2117, 2119, 2121, 2123, 2125, 2127, 2129, 2131, 2133, 2135, 2137, 2139, 2141, 2143, 2145, 2147, 2149, 2151, 2153, 2155, 2157, 2159, 2161, 2163, 2165, 2167, 2169, 2171, 2173, 2175, 2177, 2179, 2181, 2183, 2185, 2187, 2189, 2191, 2193, 2195, 2197, 2199, 2201, 2203, 2205, 2207, 2209, 2211, 2213, 2215, 2217, 2219, 2221, 2223, 2225, 2227, 2229, 2231, 2233, 2235, 2237, 2239, 2241, 2243, 2245, 2247, 2249, 2251, 2253, 2255, 2257, 2259, 2261, 2263, 2265, 2267, 2269, 2271, 2273, 2275, 2277, 2279, 2281, 2283, 2285, 2287, 2289, 2291, 2293, 2295, 2297, 2299, 2301, 2303, 2305, 2307, 2309, 2311, 2313, 2315, 2317, 2319, 2321, 2323, 2325, 2327, 2329, 2331, 2333, 2335, 2337, 2339, 2341, 2343, 2345, 2347, 2349, 2351, 2353, 2355, 2357, 2359, 2361, 2363, 2365, 2367, 2369, 2371, 2373, 2375, 2377, 2379, 2381, 2383, 2385, 2387, 2389, 2391, 2393, 2395, 2397, 2399, 2401, 2403, 2405, 2407, 2409, 2411, 2413, 2415, 2417, 2419, 2421, 2423, 2425, 2427, 2429, 2431, 2433, 2435, 2437, 2439, 2441, 2443, 2445, 2447, 2449, 2451, 2453, 2455, 2457, 2459, 2461, 2463, 2465, 2467, 2469, 2471, 2473, 2475, 2477, 2479, 2481, 2483, 2485, 2487, 2489, 2491, 2493, 2495, 2497, 2499, 2501, 2503, 2505, 2507, 2509, 2511, 2513, 2515, 2517, 2519, 2521, 2523, 2525, 2527, 2529, 2531, 2533, 2535, 2537, 2539, 2541, 2543, 2545, 2547, 2549, 2551, 2553, 2555, 2557, 2559, 2561, 2563, 2565, 2567, 2569, 2571, 2573, 2575, 2577, 2579, 2581, 2583, 2585, 2587, 2589, 2591, 2593, 2595, 2597, 2599, 2601, 2603, 2605, 2607, 2609, 2611, 2613, 2615, 2617, 2619, 2621, 2623, 2625, 2627, 2629, 2631, 2633, 2635, 2637, 2639, 2641, 2643, 2645, 2647, 2649, 2651, 2653, 2655, 2657, 2659, 2661, 2663, 2665, 2667, 2669, 2671, 2673, 2675, 2677, 2679, 2681, 2683, 2685, 2687, 2689, 2691, 2693, 2695, 2697, 2699, 2701, 2703, 2705, 2707, 2709, 2711, 2713, 2715, 2717, 2719, 2721, 2723, 2725, 2727, 2729, 2731, 2733, 2735, 2737, 2739, 2741, 2743, 2745, 2747, 2749, 2751, 2753, 2755, 2757, 2759, 2761, 2763, 2765, 2767, 2769, 2771, 2773, 2775, 2777, 2779, 2781, 2783, 2785, 2787, 2789, 2791, 2793, 2795, 2797, 2799, 2801, 2803, 2805, 2807, 2809, 2811, 2813, 2815, 2817, 2819, 2821, 2823, 2825, 2827, 2829, 2831, 2833, 2835, 2837, 2839, 2841, 2843, 2845, 2847, 2849, 2851, 2853, 2855, 2857, 2859, 2861, 2863, 2865, 2867, 2869, 2871, 2873, 2875, 2877, 2879, 2881, 2883, 2885, 2887, 2889, 2891, 2893, 2895, 2897, 2899, 2901, 2903, 2905, 2907, 2909, 2911, 2913, 2915, 2917, 2919, 2921, 2923, 2925, 2927, 2929, 2931, 2933, 2935, 2937, 2939, 2941, 2943, 2945, 2947, 2949, 2951, 2953, 2955, 2957, 2959, 2961, 2963, 2965, 2967, 2969, 2971, 2973, 2975, 2977, 2979, 2981, 2983, 2985, 2987, 2989, 2991, 2993, 2995, 2997, 2999, 3001, 3003, 3005, 3007, 3009, 3011, 3013, 3015, 3017, 3019, 3021, 3023, 3025, 3027, 3029, 3031, 3033, 3035, 3037, 3039, 3041, 3043, 3045, 3047, 3049, 3051, 3053, 3055, 3057, 3059, 3061, 3063, 3065, 3067, 3069, 3071, 3073, 3075, 3077, 3079, 3081, 3083, 3085, 3087, 3089, 3091, 3093, 3095, 3097, 3099, 3101, 3103, 3105, 3107, 3109, 3111, 3113, 3115, 3117, 3119, 3121, 3123, 3125, 3127, 3129, 3131, 3133, 3135, 3137, 3139, 3141, 3143, 3145, 3147, 3149, 3151, 3153, 3155, 3157, 3159, 3161, 3163, 3165, 3167, 3169, 3171, 3173, 3175, 3177, 3179, 3181, 3183, 3185, 3187, 3189, 3191, 3193, 3195, 3197, 3199, 3201, 3203, 3205, 3207, 3209, 3211, 3213, 3215, 3217, 3219, 3221, 3223, 3225, 3227, 3229, 3231, 3233, 3235, 3237, 3239, 3241, History and Dollars Will Be Made in Meridian Centre, Coquitlam

In a few days there are going to be more announcements come out regarding Coquitlam, which will make history for that bustling, prosperous place.

These announcements will also make money for those who own good, inside lots in the new C. P. R. city.

When we told you some time ago that other railways besides the Canadian Pacific were heading for Coquitlam, you did not act on our suggestion, but others did.

These others bought our inside, low-priced, easy-terms lots, and even quicker than we thought other railways did come --five of them--and all came north of the C. P. R. terminals.

These other fellows are making money every day out of the increase in value of these inside, low-priced, easy-terms lots. Are you making anything except what you work hard for? We have positive information that before very many

more days have passed some announcements will be made which will put Coquitlam more than ever before the eyes of the big moneyed men in the East, and insure greater real estate activity and higher realty prices than ever.

Lots in Meridian Centre, however, are still offered to you at the same, ground-floor prices. Don't wait till everybody knows what's going to happen, or till we raise prices.

Investigate this opportunity now--today, tonight.

Perhaps you are trying vainly to become independent and rich through saving a little every month and depositing it in the bank. If you get wealthy in this way you will be the first man who ever did. Don't misunderstand us--we say emphatically that saving is a virtue and necessary to fortune as a foundation, but only as a foundation. Saving is like hard work --- the ones who practice it are not the ones who benefit most by it.

MERIDIAN CENTRE Fronts on 3 Commercial Thoroughfares

near school, water, electric light and telephones.

Thousands of dollars will be spent in this vicinity on roads, streets, sewers and other improvements:

Residents of Coquitlam reserved \$50,000 worth of lots in Meridian Centre before we put the property on the market, and already have taken much more than that.

The representative of an American railway system bought 25 lots in

a bunch in Meridian Centre--he said to be for offices.

All the railways--G.T.P., C. N. R., G. N. R., Milwaukee and Harriman system--are coming in north of the C. P. R. terminals, where Meridian Centre is situated.

All the big industries--biggest lumber mill in the world, machine works, etc., are coming in north of the C. P. R. terminals.

Meridian Centre lies 30 to 40 feet higher than surrounding property--it provides a splendid view.

FEW REALIZE COQUITLAM

The transformation of Coquitlam, from a junction point to a bustling young city, has been brought about so quickly that not even yet do people realize what a gigantic thing it really is.

The facts are being learned in the East now, and last week we sold thousands of dollars worth of lots to Eastern and Middle Western investors.

Can you think of any city in all Western Canada that will have six great railway systems? Vancouver and Coquitlam are the only two we know of. Ask a business man what railway competition will mean to a city.

This assured railway competition is one thing that is bringing so many industries to Coquitlam -- it is a good reason why manufacturers and industrial kings from all

over the continent are paying big prices for sites. They know that big prices now will save them from paying BIGGER prices again.

Electric power, at competitive rates, is also a strong attraction for industries--these hard-headed business men look at these things from all sides.

Coquitlam, being a deep-water port, will of course be able to get coal from Vancouver Island or elsewhere at the very lowest, bed-rock prices.

LOTS OF CARS, LOTS OF TRUCKS AND WATERFRONTAGE, CHEAP TRANSPORTATION, CHEAP POWER, CHEAP HOMESITES FOR WORKMEN -- DO YOU SEE WHY THESE INDUSTRIES ARE COMING TO COQUITLAM?

You are probably acquainted with someone who has made big money in Coquitlam. When you come to think of it, it is no wonder he invested--the wonderful thing is that you did not invest yourself, IF YOU COULD GET INSIDE AT FIRST PRICES.

You can do so yet at Meridian Centre. Do it now -- at least look it over, while there is yet time.

Wire at our expense to have a lot held for you--it will be held till you come to a decision. Then if you do not like our selection, you do not have to buy. Call if you can--we are open evenings. If you want the proposition explained fully, fill in and mail the coupon for our free booklet and information.

Among the Churches

THE OUTLOOK.

Easter-tide—Several of the city churches celebrated the passion of our Saviour in becoming fashion, by services for the meditation of that most supreme event in the world's history. The keeping of these holy days is a custom too often kept in the breaking of them. As will be noticed under the various headings below all the churches have some special recognition of Easter in their musical arrangements. If uttered and listened to in the spirit in which these masterpieces of musical skill had their birth, the good calculated to be done by the repetition of them cannot be placed too high.

Christian Endeavor Rally—The second quarterly rally of the local C. E. Union is to be held in the First Baptist church on Monday week. The speaker for the evening will be Rev. E. F. Waring, pastor of Fifth Avenue Baptist church, Vancouver, his subject being "One Clue to Life." There is also to be a song service commencing at 7:45 p.m., and lasting about 15 or 20 minutes. There will be a roll call to which each society responds by giving the number on the roll, and also the number present that evening. There will be some special music, including solos. Rev. Mr. Waring comes with the reputation of a forceful speaker, and will no doubt do much to make the rally one to be remembered by the intensity of its spiritual tone, and the impetus gained in this direction for more skillful and devoted efforts in all that pertains to the welfare of the young people of the city.

REFORMED EPISCOPAL.

Special Services—Three services will be conducted on Sunday, one at 11 a.m., another at 2 o'clock, and the evening one at 7 o'clock. The pastor will conduct each service, fitting musical selections will be afforded by the choir, and the church itself will be tastefully decorated with flowers. The afternoon service is more particularly for children.

CONGREGATIONAL.

First Church.

Young People's Society—A very enjoyable dissertation on "Personal

Reminiscences of Abraham Lincoln," was given by the Hon. Mr. Smith, American consul in this city, before the members of this society last Monday night. The chair was occupied by H. M. Hillis, and a delightful vocal solo rendered by Mr. Sinclair.

Building Committee—The committee on building operations is called to meet in the board room next Wednesday evening.

PRESBYTERIAN.

To-morrow's services—The services to-morrow will be in entire accord with the thought of the day, special music being rendered by the choir. The pastor will officiate at both services. The Sabbath school will be in the form of an open session, and will be addressed by the Rev. Mr. Letts.

Young Men's Club—A club for the recreation and mutual helpfulness of all young men desiring to improve themselves has recently been formed and meets every Wednesday evening. The present members extend a very cordial welcome to any who care to avail themselves of its use.

Knox Church.

Lecture—"Burns and His Poetry"—was the title of a most interesting lecture given on Wednesday evening by Rev. William Stevenson. The chair was taken by the pastor, Rev. Joseph McCoy. The speaker showed how Burns had been influenced by the poets that had gone before him and then went on to give a sketch of his career dwelling on his experiences in Edinburgh and his reception by the literary and literary people of that city. He passed briefly over the period of his decline. No poet since Catullus, said Mr. Stevenson, had given the world so rich a treasury of lyric poetry; he was the greatest songwriter the world had ever known, and he owed his fame to the fact that he was the poet of human love. Burns was essentially a man of the people, and he was a hundred years before his time in respect of the principle of democracy for which he stood. A pleasant feature of the evening was the singing of a number of Burns' poems.

songs by Mrs. Jamieson, Mrs. R. Wilson, Mr. Kinnaird and Mr. Taylor.
St. Columbia.

Easter Services—In keeping with the custom appropriate music will be in evidence at both services to-morrow. The morning sermon will be particularly for the children.

St. Andrew's.

Pastor's Return—After an absence of two or three weeks at official meetings in the city of Toronto, the pastor has returned and will preach at both services to-morrow. Special preparations are being made for the musical part of the day's worship, which will find especial expression at the evening meeting. "The Messiah" will be rendered by the choir, the principal parts of which, along with other selections, will be taken by Mr. and Mrs. A. Codd, Mrs. W. A. Jamieson, Mrs. Hakeway, Mrs. Reed and Mr. Dunford.

Orchestral Concert—The concert which has been promised by the newly formed Sunday school orchestra is to be given on Tuesday evening next in the schoolroom. A perusal of the programme, a copy of which is appended, will afford ample satisfaction that the concert is to be all that has been expected of it. As stated above this orchestra is but of recent formation, but is under the leadership of Jesse Longfield and will no doubt give a good account of itself.

Overture, "Arbitration, Barnard, Orchestra.
Solo, "Nelson's Gone A-Sailing," Lohr, A. A. Codd.
Polka intermezzo, "Little Charmer," Hollander, Orchestra.
Cornet solo, "Concert Polka," L. A. Young.
Solo, "Mona," Adams, Mrs. Blomquist.

Selections, (a) "Intermezzo Honoring," Kreeger; (b) "The Celtic Intermezzo," Longfield, Orchestra.
Violin solo, "Shepherd's Dance," German, J. C. Kirk.
Solo, "The Spring Has Come," Maude V. White, Miss Beek.
Overture, "King of Kings," Ellenberg, Orchestra.
Solo, "The Green Isle of Erin," J. O. Dunford.

Waltz, "The Druid's Prayer," Davison, Orchestra.
Quintette, "Quack-Quack," Dressler, March, "Fraternity," At Hayes, Orchestra.

METHODIST.

Metropolitan.

Annual Banquet and Election—A good attendance was made at the annual election of officers for the Young People's Bible class last Wednesday evening. The choice of the meeting determined that W. Plumb should act as president and Miss Beale as vice-president. Miss Grace Ledingham and G. Murphy will occupy the positions of secretary and treasurer respectively. At the close of the business portion of the meeting a banquet was partaken of, which proved to be very enjoyable.

New Work—As a result of the meeting at the home of Mr. Curry, Moss street, held last Tuesday evening for the purpose of discussing the needs of the Fairfield district for religious services, it is likely that a service will be inaugurated there sometime during the next two weeks. Rev. T. E. Holling announced that a site had been purchased on this estate for the erection of a church to serve that rapidly growing centre.

Willows Sabbath School—The regular service which was established a little while ago by Rev. E. E. Holling at the Arena rink will be held in conjunction with the Sabbath school, which meets in the same place, next Sunday. The service will take the form of an open session of the school, and will be commemorative of Easter-tide. Addresses will be delivered by the pastor, the superintendent and Noah Shakespeare. A number of musical items will be rendered, and a very helpful service is anticipated. Refreshments were served during the evening. The proceeds of the sale will be devoted towards the renovation of the church.

James Bay.
Epworth League—A very helpful session of the league was conducted last Monday evening, when the Rev. H. A. Carson gave a delightful talk on "The Fountain from Which Christ Drank," it being a survey of the sources of the Master's strength for the gospel in foreign lands. The meeting had a fair attendance.

Ladies Aid—The annual election of officers took place at the regular meeting which was held last Wednesday afternoon. The result was as follows: Mrs. Stillwell, president; Mrs. Woodley, vice-president; Miss Redfear, secretary; and Mrs. Ling, treasurer.

Mission Sunday—The services at the church and Sunday school last week were each of a missionary character. The church services were conducted by the pastor, but the address in the morning was given by Mr. Geo. Bell to the extreme pleasure of the congregation. The primary department assisted largely in the programme in the school during the afternoon by the rendering of several choruses and solos. The theme of the session was the work of the Rev. Thomas Crosby, who has spent so much of his life up and down the coast line of British Columbia, and who celebrates the jubilee of his arrival and entry to the work in a few days' time. The proceedings were greatly enhanced by the operations of the orchestra, which is now to be a permanent factor in the work of the Sunday school.

Victoria West.
Easter Thankoffering Service—The programme was full of variety and excellence at the annual thankoffering service in connection with the Women's Missionary Auxiliary, which was held on Thursday evening. Several of the children from the Oriental Home were present and sang selections, and assisted considerably in making the evening the success it was. Addresses were delivered by Mrs. Holt, Mrs. Frank Adams, Mrs. A. N. Miller and Miss Smith of the Oriental Home. Miss Dilworth and Miss Scowcroft delighted the audience by their vocal selections. Every item of the proceedings was enjoyed to the full by a splendid company.

Junior Bible Classes—The two junior Bible classes had a pleasant outing at the Gorge on Good Friday, accompanied by their respective teachers. On Monday evening next they are to be the guests of the Epworth League at a social evening they are preparing at the parsonage.

Equimatt.
Visit of Dr. White—The regular weekly service was held on Wednesday evening instead of Thursday this week on account of the church being needed for other purposes on the latter evening. Dr. White, superintendent of missions for B. C., was present and gave a very helpful discourse on the sayings of Jesus and the practical interpretation of the same in the terms of life. A large company was present.

LA YRITZ NURSERIES, Carey Road, Victoria

a social evening they are preparing at the parsonage.

BAPTIST.

Emmanuel.

Sunday Services—The pastor, Rev. William Stevenson, will preach special Easter sermons on Sunday, in which he will deal with various aspects of the story of the Resurrection of Jesus, and its bearing upon the present life as well as the life to come. At the close of the morning service the communion of the Lord's Supper will be observed and the church will welcome new members and also the new officers recently elected.

Thankoffering—A special thankoffering is being made on Sunday at both services the proceeds being devoted to the church improvement funds.

The Pastor's Anniversary—On Sunday the pastor completes the third year of his ministry in Victoria, and as it is a year since he took his last holiday he intends to be away for a few Sundays. The arrangements for the pulpit will be in the hands of the board of deacons. On Sunday week Rev. J. B. Warnicker, of the First Baptist church will preach in the morning, and Rev. Henry F. Waring, Fifth Avenue church, Vancouver, in the evening.

During the past year thirty-three new members were received into the church, and the income from all sources totalled \$5,390. This has been the banner year in the church history.

First Church.

To-morrow's Services—The services to-morrow in First church will partake largely of praise in token of the joyous Easter season. Mr. Warnicker will speak in the morning on "The Misconceptions of the Redeemer's Work." In the evening the subject will be "The Consecration of the Commonplace." The soloists of the day will be the Misses McLaren and Palmer. At the evening service the ordinance of Baptism will be administered and the Lord's Supper observed, after which a reception will be given to new members.

Sunday School Missions—The Sunday school will hold its regular monthly missionary session to-morrow afternoon.

The programme will be largely under the auspices of the mission band, who will also provide an exercise entitled "Her Easter Choice." The school is aiming to double last year's contribution to missions and already have raised above one-third of the amount desired. Two new classes will

be inaugurated to-morrow in the boys' department.

Missionary Address—On Thursday evening under the auspices of the Women's Mission Circle, Mrs. A. A. McLeod, of Vancouver, delivered a missionary address, which proved very interesting and instructive to those in attendance. An exercise entitled "Her Easter Choice," was rendered by the girls of the Mission band, who acquitted themselves splendidly in speech and action. Miss Beatrice Palmer contributed a vocal solo and at the conclusion of the programme refreshments were dispensed by the ladies. Next Thursday evening the meeting will be under the auspices of

the Sunday school workers the topic being "Work Among Children."

Salvation Army.

Col. Gasken's Visit—Very gratifying results followed the visit of Col. and Mrs. Gasken to this city. The congregations were very large and the utterances were keenly enjoyed. A number of conversions were registered and a very helpful time experienced by all. **Special Services**—Three services were held yesterday in commemoration of our Lord's Passion. The Resurrection will be fittingly borne in mind by the character of the meetings to-morrow.

Proving by Actual Experiment

A practical demonstration of this kind is always more convincing than any mere statement. This is particularly true of medical remedies.

The effect of the anti-toxin treatment for diphtheria is noticeable within a few hours; so that everyone must believe in its virtue. In a similar way, the treatment known as ORANGE LILY gives a practical proof of the progress it is making in curing women's disorders, and that, too, within a few days after commencing its use.

All authorities agree that in every case of women's disorders there exists a congested condition of the womanly organs. The circulation in these parts is sluggish or stagnant, and the result is that the broken-down tissue or waste matter, causing inflammation, irritation, oppression of the nerves, etc. ORANGE LILY is not taken internally, but is applied direct to the sufferer's organs. It is absorbed into the circulation, and its antiseptic properties at once act on the waste matter referred to above. The consequence is that this waste matter, which is causing the inflammation, ulcers, nervous troubles, etc., begins to be discharged, and it continues to be discharged until all the foreign matter is removed from the circulation. At the same time the blood vessels and nerves are toned and strengthened, the nervous trouble disappears, the circulation is restored and good health follows.

Toronto, Ont., June 2, 1909.
Dear Mrs. Currah—I wish to tell you that Orange Lily is doing me a great deal of good. My ulcers came away one or two every week, and I have less pain and fewer headaches. I feel sure I will be perfectly cured in a little longer time.
MRS. D. S. T.

The explanation of the wonderful cures performed by ORANGE LILY is very simple. It is a scientific remedy, based on the discoveries of Pasteur and Lister. The conditions existing in any of the female troubles are alike in character, differing in degree and development only, so that a positive remedy, as ORANGE LILY is, acts with all the certainty of a chemical experiment. In order to convince every suffering woman that ORANGE LILY will cure her, I make the following

Free Trial Offer

I will send to every reader of this notice who suffers in any way from any of the troubles peculiar to women if she will send me her address, enough of the ORANGE LILY treatment to last her 10 days. Many cases this trial treatment in all that is necessary to effect a complete cure, and in every instance it will give a sufferer who owe it to herself, to your family and to the friends of a chemical experiment. In order to convince every suffering woman that ORANGE LILY will cure her, I make the following

Enclose 3 stamps, and address, MRS. FRANCES E. CURRAH, Windsor, Ont.

REPLY TO CHARGES OF VANDALISM

CEMETERY COMMITTEE REPORTS ITS FINDINGS

Blames Lax Administration—
Quarters for Health
Department

There was very little business before the city council on Thursday evening. The principal item passed was the report of the cemetery committee on the removal of bodies made necessary by the erosion at Ross Bay. They recommended remedies and preventives against further removals without compliance with legal forms.

After reviewing the construction of the Ross Bay wall the report proceeded:

"The chairman of the cemetery committee of the council for 1911 (Alderman Peden), according to the evidence adduced before your committee, approached the Roman Catholic bishop of Vancouver Island, the Right Rev. Alex. MacDonald, with the view of arriving at some understanding respecting the removal of these bodies. Alderman Peden proposed that a portion of the cemetery, not far removed from block 'D' known as block 'E,' belonging to the corporation, should be set aside for the re-interment of these remains, without cost to relatives. He also proposed that this particular section should be handed over to the Roman Catholic church in order that the religious rites of the church, which are deemed essential by that body, could be performed in respect to that section.

Difficulties of Plan.

"According to Alderman Peden's statement, Bishop MacDonald fully concurred in this proposal, and undertook to notify by public notice in the church all parties interested of this arrangement. The bishop, in his evidence, however, made it clear that he could not be expected to guarantee that all parties would be satisfied with the arrangement, because some of them prefer to have the remains interred within the Catholic portion of the cemetery proper, and again it might be possible that some might object to have the remains of their deceased relatives disturbed at all.

"It can hardly be said from the evidence taken, that full concurrence on the part of the church authorities with the proposed arrangements was completely established, nor was any document in writing setting out clearly any understanding arrived at or arrangements understood to exist, actually entered into between both parties. Notwithstanding the absence of this document, orders were issued to the cemetery keeper to proceed with the removal of the remains of persons interred within the lines of the roadway, some of them to block 'K,' the portion of the corporation ground of the cemetery set aside for this purpose.

Removal of Bodies.

"Some one hundred and one remains his letter of the 23rd inst., was referred in block 'K' in all, but it is only proper to say that about thirty-five per cent. of these were previously interred in block 'K,' that is to say within the last three or four years, owing to the danger of their removal from the washing and wearing action of the sea on a portion of the cemetery known as block 'D.' The remains of some thirty others were removed from block 'D' and interred in the new Catholic portion of the cemetery known as blocks 'U,' 'V,' and 'W.'

"The removal of some of these remains, without the knowledge or consent of the relatives living in the city came to them in the nature of a disagreeable surprise and strenuous objections were urged on their part to such action on the part of civic authorities. The first of these objections was presented by Mrs. Margaret Cox, who claimed that the action was an unauthorized and improper proceeding. The Hon. Mr. Justice Gregory, in a letter to the council, dated the 23rd of January, characterized the action on the part of the civic authorities as 'high handed' and as 'vandalism of the worst kind,' alleging that 'the statutory provisions for the removal of bodies had been absolutely ignored.'

The Objectors.

"Other objectors were found in the persons of Miss Honora O'Connor, and also the Songhees Indians, whose case was presented by Messrs. Drake, Jackson & Helmcken in their letter to the council on the 2nd of March instant. A letter was also received from the Hon. Mr. Justice Murphy. In consequence of Judge Gregory's allegations, his letter of the 23rd inst., was referred by the council to the cemetery committee, to hold an inquiry into all the circumstances connected with the removal of bodies from Ross Bay to other portions of the cemetery, and to ascertain upon whose authority such removal was made. Your committee accordingly held three different sittings, namely, on the 12th, 15th and 29th of February, and examined a number of witnesses, and as a result, beg to submit their findings to the council as follows:

The Findings.

"1. That the illegality of which Judge Gregory complains is directly a violation of the provisions of the Graveyard Act, Section 2 of said act reads as follows: 'It shall be unlawful to remove the remains of any dead person from any cemetery, or place where such dead person may have been interred, or to exhume the body or remains of any dead person, in municipalities without permission in writing of the municipal council, or of the direction of the coroner.'

"It has been the practice for years to obtain the coroner's certificate in every case before allowing an exhumation to take place in the cemetery. The ordering of a wholesale removal of bodies without observing the provisions of the act was clearly an unlawful proceeding.

"2. That the person who gave instructions to so remove the bodies in question was J. A. Morley, then mayor of the city, and that when the caretaker asked him for instructions in writing, he declined to give them, and said they were not necessary.

"3. That such action, considering the legal rights and strong sentimental questions involved, taken, as it was, without a definite understanding, properly implemented between all persons concerned, was unwise as to policy, inconsiderate as to the feelings of those most vitally interested, and might have precipitated serious complications and consequences.

"4. That in response to a letter addressed to parties interested, whose addresses could be ascertained, a number of statements of claim have been received, which mainly called for indemnification for amounts paid for the purchase of new plots in the new Catholic portion of the cemetery. Most of them are for \$15. Your committee therefore recommends that these claims be settled for the amounts asked."

On motion of Alderman Porter the report was adopted, the mover thanking city clerk Dowler for assistance in its preparation.

Alderman Cuthbert expressed his satisfaction with the thorough and exhaustive report, which dealt with a difficult problem.

Health Officers.

The health department recommended two schemes for housing the sanitary department, either by adding to the present offices (a temporary scheme), at a cost of \$3,000, or adapting rooms in the market building, adjacent to the detective office, at a cost of \$1,500. The latter scheme was recommended by the committee.

No action was taken on the motion of Alderman Beard, the question being laid over for a full council meeting, as it was felt unwise to prejudice the civic centre scheme by premature action.

Market Accommodation.

The market superintendent again drew attention to the need for extra stalls, and for the removal of the scales to a more satisfactory place. Last year, he reminded the aldermen, there were 10,389 horses in the stalls, and for the first three months of this year 3,475 had been received.

Alderman Porter supported Mr. Dalby's recommendation, but Alderman Beard was against the use of this valuable property merely for stables, saying it could be better utilized. He urged that the matter should be laid over. Alderman Dalby was anxious as no one had seconded a ruling. This he warmly protested and refused to take any part in the debate.

Alderman Gleason's suggestion to ask the superintendent and building inspector for a report on the cost was carried, on a majority vote.

Tents at Hollywood.

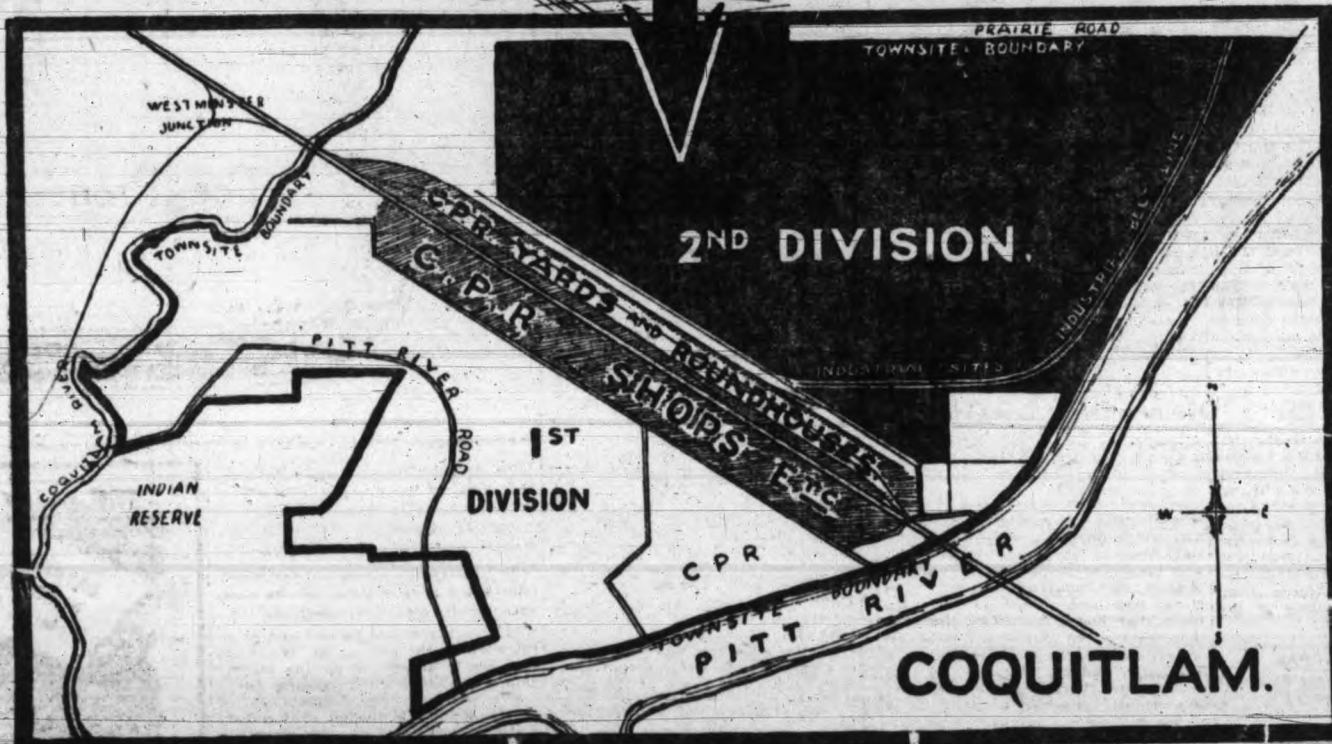

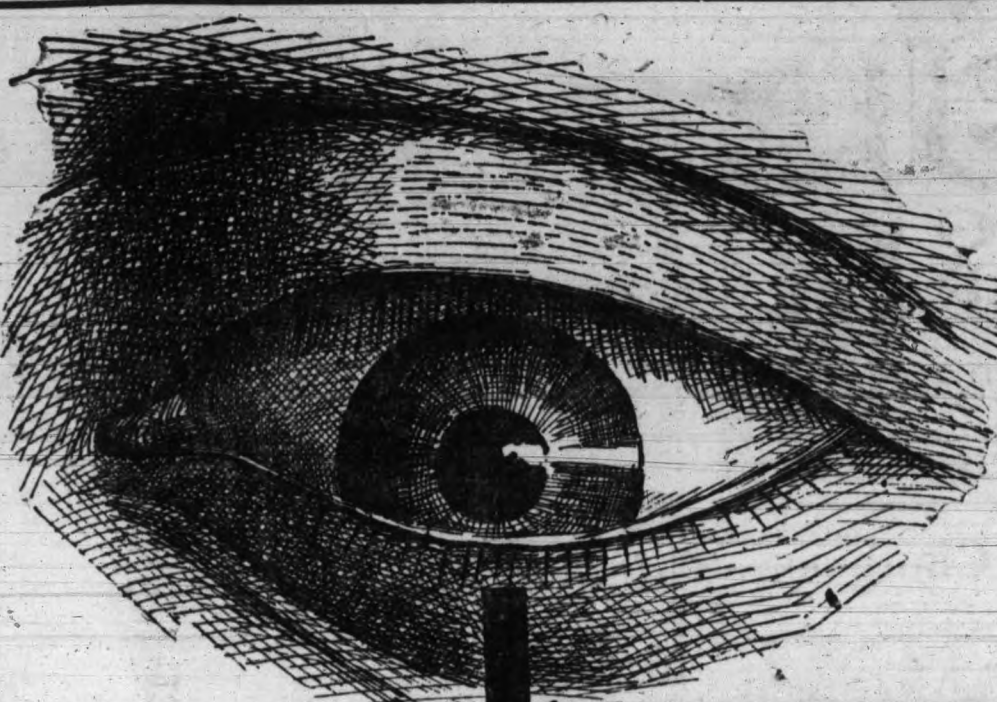

C. F. Swain, as a resident of the Hollywood district, protested against residents living in the neighborhood using tents, without any sewer connections, which was a serious menace to health. There were also many shacks of a poor character, to which they did not object so long as they made sewer connections.

Alderman Cuthbert supported the complaint, and it was resolved to call the attention of the health officers to the matter. It appears the sub-division has building restrictions placed upon it.

Fire Chief Davis reported that eight fire hydrants had been put out of commission by the employees of the Canadian Mineral Rubber Company through careless and improper use.

Alderman Porter said the company ought to make good all damage done. The city engineer observed that the water commissioner charged up the water used to the company.

The chief's complaint will be drawn to the attention of the company. Many by-laws were taken up and

SUMMING UP OF SESSIONS RESULTS

LEGISLATION AT OTTAWA COMES HIGH

Parliamentary Oratory Costs the Country 24½ Cents a Word

(H. F. G. in Toronto Star.)

Ottawa, March 29.—When the first session of the twelfth parliament of Canada prorogues it will have sat a little over five months, approximately 143 days, of which 34 days were Christmas holidays and 40 days were Saturdays and Sundays, when no sitting was done. Parliament, therefore, actually worked 69 days—that is to say, the House of Commons did, for this summary keeps no track of the Senate, whose sessions consist mostly of adjournments. For this each member drew an indemnity of \$2,500, which is at the rate of \$36 a day for every day of real work; and at the rate of \$17 a day for time spent on a dawdling job.

If parliament worked by the piece instead of by the day it would get through sooner and give better satisfaction. There is no real reason why parliament should take five months to do two and a half months' work except that it has done so for years and nobody has seen fit to change it. Looked at from the \$36 a day point of view the member of parliament is fairly well paid; looked at from the \$17 angle he isn't so badly paid either. Meanwhile, there is an agitation to make the seasonal indemnity \$5,000, the excuse being that the cost of living has gone up, and that most of the members are making that much sacrifice by being away from their business interests at home. If an increased indemnity could be combined with a shorter session the members would have nothing to kick about, and politics would no longer be the losing game which it is now.

The Cost Mounts Up.

Legislation is an expensive industry. Parliament and its directly allied activities cost Canada last year \$1,655,000, and this year will cost more. Taking last year's figures as the basis of calculation, some interesting results are arrived at. Parliament passed 171 bills this session at a cost of \$9,678 per bill. Parliament used some 6,750,000 words—that's the Hansard tally—putting the 171 bills through. They say talk is cheap, but Ottawa talk costs 24½ cents a word. This is Kipling's price, but there's a difference in quality, as anyone will admit who has ever tried to read Hansard after reading, say, "Plain Tales From the Hills."

The total cost of civil government, that is to say, the total cost of governing Canada by means of the departments at Ottawa and by parliament is \$6,750,000. This would seem to be a fairly large amount, almost a dollar a head for each one of the seven millions governed, but the Borden government has raised the limit by about \$500,000 a year since coming into office. One way and another the new government has appointed forty-eight commissioners, whose salaries, living and travelling expenses, and secretarial work, make up an additional annual charge on the revenues of the country of almost five hundred thousand dollars. Five hundred thousand dollars capitalized at three per cent.—which is the rate at which the Dominion of Canada can borrow money—represents a principal sum of \$16,000,000. Sixteen million dollars is a healthy chunk of money to set aside in order to pay salaries to forty-eight superfluous persons for work that a responsible government ought to shoulder itself. Half a million a year for extra help, forty-eight new commissioners to shift the blame and the burdens from eighteen Cabinet Ministers—a pretty good load for a new country to carry, as Senator Derbyshire says, "It's going some." But not going fast enough, one surmises, to keep up with the impatient office hunger of a party fifteen years out of power. Forty-eight commissioners! A mere bagatelle compared with the large and clamorous waiting list! Besides, what Tory will ever admit that the masses can get too much governing from the governing classes?

The New Government Walks Delicately. During the coming fiscal year Canada is expected to spend, current and capital, \$170,000,000. It will probably spend \$153,000,000, the actual expenditure actually running less by 10 per cent. than the estimates. Canada will probably take in \$150,000,000. This, plus the 1911-12 surplus of \$39,000,000, makes \$189,000,000 to come and go on. This would mean a 1912-13 surplus of \$19,000,000, but as capital expenditures are regarded as assets and investments

rather than as money gone for keeps, the book-keeping surplus will probably be two and a half times that amount. These growing surpluses would appear to indicate that Canadians are taxed quite enough, and that a higher tariff would be gliding refined gold.

So far as overt acts go the Borden government has done nothing to show that it is going to do anything other than a tariff-for-revenue government. At first the tariff commission looked like delivering the goods to the Canadian Manufacturers' Association, but now that the reports of the commission are to be communicated to parliament and are not to be treated as private information for Finance Minister White, the commission loses a great deal of its power to do harm. If the Senate amendment is accepted—which it probably will be—cutting out the five-year term and making the commission removable at pleasure, the commission will have its claws pretty well clipped, and if a new government comes in and wants to abolish it there will be no obstacles in the road of doing it. An ideal tariff commission consisting of a farmer, a workingman, a manufacturer, and a secretary combining a knowledge of political economy and an open mind, even though its powers were strictly advisory, could do a lot for the consumer by sitting on the lid when increases were suggested. If it had an independent idea of its duties it could do much by its statistics and suggestions to educate the common or garden M. P. in sound economic principles, provide thoughts for those who are at present too lazy to think, and clarify and determine the opinions of those who think hastily. Sir Richard Cartwright's amendment, if it is incorporated in the act, will do much to keep the tariff commission on the straight path. This amendment would compel the tariff commission, when tariff increases are asked, to investigate thoroughly the financial standing, the bonds floated, the stock watered, the merger affiliations, and the other matters which tariff askers generally keep dark. In short, a tariff commission which loved the people more than protection, and had a great capacity for good advice and no power to do anything, might be, if not an absolute blessing, at least a modified curse.

The Borden government did not announce any steel bounties. Young Mr. White breezed into the caucus all aflame with a steel bounty policy, but the older, wiser heads blew him out. It was their idea that the party should do nothing for the first session at least, to smear them with high protection in the eyes of the people. It was on the same principle that Premier Borden refused a knighthood—because it was too soon for our democracy. If these cautious counsels continue to prevail the high tariff enthusiasts, like Cockshutt and Ames, may be a long time getting their way.

Salving the Farmer.

Denied the major blessing of reciprocity, with what minor blessings did the Borden government save the farmer? Well, several millions, exact number unspecified, are to be spent, under the direction of Mr. C. C. James, in improving the condition of agriculture. When this bill was in the Commons the government promised verbally that the money would be distributed on the basis of population. The Liberal Senate puts that Conservative promise in black and white and no doubt the alteration will be accepted.

The government also gave the farmer the Grain Act, which amounts to this—an experiment with one, perhaps three, government-owned terminal elevators; three sample markets for grain, Calgary, Edmonton, and Winnipeg; grain commissioners to regulate the shortage. Certain straws show that the government may also do something for the farmer in the line of reciprocity, but under another name. The straws are the alarmist accession speeches of R. B. Bennett the Prairie Demosthenes from Calgary. The government did not settle the Ne Temere question. It simply passed it on to the Supreme Court and to the Imperial Privy Council, a saving delay of two or three years. It will probably be found in the end that Judge Charbonneau's decision is the right one—that the civil law of marriages in Quebec is the same as it is in the other provinces of Canada, and that church rules must not be allowed to color it.

Won't Burn Their Fingers Again. In the Manitoba Boundaries Act both parties showed a disposition not to burn their fingers again with a Manitoba school question. Sir Wilfrid Laurier took a position which made him once more consistent with himself and with the issue on which he gained power in 1896. The seventeen Liberals who voted for Mondou's amendment to accord special privileges to the Catholic minority in Keewatin were neither consistent with themselves nor with the record of the Liberal party when in power. It was a case of each man hunting his own hole. Sir Wilfrid put no commands nor suggestions upon them. They acted, some according to their consciences, others according to the religious complexion of their constituency. The vote showed the Na-

INFANT'S BODY MUTILATED.

Saskatoon, April 6.—The body of a newly born infant was discovered near the Grand Trunk railway bridge over the south Saskatchewan river by a workman. The body was encased in a cardboard box. Medical examination brings out the fact that the child had a separate existence. The little corpse bore evidences of having been roughly handled. The police are working on the case and endeavoring to trace the mother of the infant. The body was so hideously mutilated that the sex of the child was unable to be ascertained. A rough piece of cotton and lace curtain enclosed the remains inside of the box.

TWO KILLED IN PISTOL DUEL.

Rival Building Contractors Fight in Streets in Texas Town.
Beaumont, Tex., April 5.—In a street duel here to-day M. A. McKnight and W. C. Whitney, business men of Beaumont, killed each other. Both were building contractors. They had quarrelled over work. McKnight was about sixty years of age, and Whitney about forty. Both leave widows and families.
McKnight shot first. Whitney fell dying, but as he sank to the ground he drew his pistol and fired. McKnight dropped dead, shot through the heart.

CHINESE WILL ADOPT FREE TRADE

Ex-President of New Republic Tells of Future Policy of Government

London, April 6.—"I have finished the political revolution and now will commence the greatest social revolution in the world's history," said Dr. Sun Yat Sen, the ex-president of China, in an interview at Shanghai, according to a dispatch from that city to the Daily Telegraph.

"The abdication of the Manchus is the only means to greater development and the future policy of the republic will be in the direction of Socialism."

"I am an ardent follower of Henry George, whose ideas are practicable on the virgin soil of China as compared with their impracticability in Europe or the United States, where money is controlled by the capitalists."

"Dr. Sun said he has the full consent of the government to start his propaganda immediately whereby the railroads, mines and similar industries would be controlled by the government. The single tax system and, as far as possible, free trade will be adopted."

Another Republic.
Calcutta, April 6.—Despatches from Gyangze, Thibet, say the Chinese have established a representative council at Lhasa, the capital of Thibet, and proclaim a republic.

The officials have cut off their queues and some of them are wearing silk hats and frock coats. The Thibetans oppose the change and are threatening to exterminate the Chinese. Fighting has occurred near Shigatze, 130 miles from Lhasa.

WESTINGHOUSE COMPANY.

Pittsburg, April 6.—The directors of the Westinghouse Air Brake Co. declared a stock dividend of 33 1-3 per cent. subject to action by the stockholders to approve the necessary increase in stock at a meeting called for April 24. The company is declared to be doing the largest business in its history and earning at the rate of more than 40 per cent. on its stock.

Financial News**WHEAT FUTURES STRONGER IN PIT**

Final Quotations Show Slight Increase—New High Point for May Corn

Chicago, April 6.—Wheat futures were stronger than yesterday, although the close was only fractionally higher. The market in which prices held is a surprise to many traders. Advice read: It will take a confirmation of important winter killing of wheat on both sides of the river to give a continuation of bull operations here in the face of large stocks, slow cash demand and poor flour trade.

The 77 mark for May corn, which is the high point yet reached in the present season, was the feature of to-day's trading. This grain gets higher every day, and in the opinion of leaders, warrant further rises. In oats there was strength, largely helped by corn.

WANTED—Girl to help in small house, good wages, considerable home. Apply room 3, 605 Yates St.

STRIKERS HOLD UP LUMBER WAGONS

Magistrate and Constables Appear on Scene and Way is Opened for Teamsters

Ashcroft, B. C., April 6.—At 5:30 this morning while five teams loaded with lumber were on their way to Messrs. Twoby Bros' camp about one hundred I. W. W. held them up by grabbing the reins and demanding that they return to the barns. Only one constable being present, he was unable to cope with the trouble makers.

At 10:30 a.m. Magistrate Webb, Chief Constable Burr, with ten deputies, moved down towards where the I. W. W. assembled, barring the passage of the lumber wagons, and proceeded to clear the way. The spokesman for the I. W. W. appealed to the drivers of the lumber teams to aid them in forcing the contractors into submission to their demands for more pay and better camps.

The chief constable ordered the teams to proceed. Hardly a sound came from the four hundred men who surrounded the wagons and everything passed off quietly.

A trick was discovered, which might have led to serious consequences. It was found that the reins had been unclipped near the bit. Had the teams proceeded before this was discovered, horses, wagons and men might have been precipitated over the bank and into the river.

The strikers appear to be determined to prevent any work going on as long as present conditions continue, and considerable trouble may be expected if an adequate force of special police is not on hand to overawe these militant strikers.

CONFERENCE WAS LIVELY.

London, April 6.—The decision of the Miners' National Federation to accept the executive committee's resolution was reached after a two-and-a-half hour controversy, which was intensely bitter, the extremists charging pusillanimity in recommending that the men resume work before the district boards had yielded to the miners' schedule of minimum wage. The moderates, however, carried the fight, arguing that with 60,000 men already working and with that number ready to resume work Monday, it would be hopeless to attempt to carry on the war.

The resolution accepting the recommendation was carried by 440 to 125 votes and the committee sent instructions ordering the resumption of work.

FINAL FOR SCOTTISH CUP.

Celtic Defeats Clyde by Score of 2 Goals to 0.

Glasgow, April 6.—In the Scottish Cup final held to-day the Celtic defeated the Clyde team by the score of 2 to 0. Forty-five thousand spectators witnessed the game. The Celtic team had a strong wind in the first half, but the game was uneven. McNeeney scored the first goal for the Celts. At half time the score stood one nil in favour of the Celtic team.

SNOW ON PRAIRIES.

Winnipeg, April 6.—The storm which started last evening with rain, turned during the night into a heavy precipitation of soft snow, the area affected being as far west as the Alberta boundary, and south over the greater part of the American Middle West. Telegraph companies have had some trouble with local wires, but generally speaking communications are well maintained throughout the Canadian prairie. Very different conditions prevail however east and southeast. Minneapolis reports that practically all the wires are down between there and Chicago and news reports are accordingly delayed.

On the Canadian prairie west of the storm will check seeding operations which otherwise would have been in full swing in many early districts next week, but the benefit to the country as a whole, after a dry fall and very little snow all winter, must prove immense.

CARD OF THANKS.

Mr. T. Main wishes to express sincere thanks to all those who so kindly rendered their assistance at the recent fire at his home.

DIED.

HEAL—At the Provincial Royal Jubilee Hospital on the 5th instant (Gertrude) Lillian Ann eldest daughter of Charles A. and Alice Maude Heal. Born in Lake District, B. C., aged 15 years.

The funeral will take place from the family residence, Heal's postoffice, Lake District, on Monday, April 8th, at 1:45 p.m., and at St. Michael's church, Lake District, at 2:30 p.m., interment taking place in the cemetery adjoining the church. Friends please accept this intimation.

TOO LATE TO CLASSIFY

WANTED—From 10 to 15 acres suitable for subdivision within the 3 mile circle. Box 211 Times.

FRENCH MAGISTRATES STONED BY MOB

Riot Follows Inquiry Into Tragedy—Murderer Arrested in Saskatchewan

Paris, April 6.—Riots in which hundreds of persons took part and in which the examining magistrates were severely stoned, following the confession of murder of Emile Oscar Peugeot, arrested by the mounted police at Saskatchewan, Canada, upon a warrant of extradition.

Peugeot was arrested near Willow Bunch, and after a hearing in the Supreme court at Regina, when he strenuously fought extradition, he was ordered to be extradited to stand trial in France. Brought back to Saint Le Gre, the village in which the crime was committed, he confessed.

Monsieur Gaudray, examining magistrate, and Monsieur Proteau, public prosecutor of Arras, went to Saint Le Gre for the purpose of investigating the crime which took place at this small village on July 10, 1910. The legal procedure had been kept secret, but hardly had the carriage containing the murderer arrived at the village when the whole population rushed to the house where the tragedy had taken place, and the whole energy of the group of police escorting the carriage being necessary to allow it to enter the bakery Le Grande.

Overcome by great emotion and weeping bitterly, Peugeot described the details of the crime of which he admitted being guilty.

The murderer's return was almost tragic. Several hundred farm laborers rushed at the carriage, when the mounted police prevented the prisoner from being exposed to the violence which he would surely have suffered.

Being unable to reach the prisoner the rioters proceeded to the station, following the magistrates, whom they abused to such an extent that all entrances had to be closed to prevent the magistrates from being maltreated. Sturdily had the magistrates entered the train when a shower of stones descended on the carriage in which they were, several entering the compartment, but fortunately without injury to anyone.

HOLIDAY CROWDS.

Took Advantage of Sunshine and Warmth Yesterday.

Crowds besieged the E. & N. depot yesterday, taking advantage of the holiday and the fine weather to get out of town into the country for exercise and enjoyment. The 9 o'clock train to Fort Alberni was run in duplicate as far as Duncan, but this piece of foresight on the part of the company was nullified against by the throngs of travellers who were so anxious to get to their destination that the great majority crowded on the first train, and the second section which started some twenty minutes later was only partially filled.

It is estimated that nearly one thousand people went out on the two sections. Two trains went to Wellington, one at 8 a.m. and the other at 3:30, these also accommodating a full complement of passengers. There were scenes of great animation when the trains returned to the city with their crowds of tired but happy passengers.

Many anglers were to be seen patently fluttering rods on the Cowichan river bank; picnic parties were in abundance in all parts of the island, and in many places parties had established little encampments for the week-end, though the weather is still rather cold for sleeping under canvas. The number of automobiles to be seen on the roads yesterday was a further indication that motoring is one of the favorite recreations of the people of Victoria, and the opportunities for indulging in this are almost endless on the splendid roads of the island which pass from sea-shore to woodland, from meadows and orchards to the pristine seclusion of primeval forest.

At the Gorge Park and Beacon Hill Park crowds of people dotted the woods and spacious grounds, while at the former place many were amused at watching the unravelling efforts of coarsens and canyons to negotiate the current which sweeps under the bridge. Lovers of golf were up and about very early on the splendid links at Oak Bay and Macaulay Point to enjoy their favorite sport and the lovely view which can be obtained from each of these points.

ALL-ALASKA SWEEPSTAKE.

Nome, Alaska, April 6.—Scotty Allen's mammoth dogs, owned by Mrs. Charles E. Darling of Berkeley, Cal., were first to arrive at the turning point of the All-Alaska sweepstakes race—Candle, 206 miles. Allen reached Candle at 9 o'clock last night and Alexander Holmes, driving John Johnson's Siberian wolf hounds, was second. Charles Johnson driving Fox Ramsay's dogs and Blatchford in charge of A. A. Oliver's entry were third and fourth. A rest of six hours was taken at Candle and the return to Nome began at 3 o'clock this morning. It appeared that Allen was almost sure of victory.

The weather is very cold, the temperature being 30 degrees below zero.

The average yearly production of the 21,000,000 acres of European vineyards is 1,170,000,000 gallons.
